The necessary ballots prepared for each precinct and all other paraphernalia for the proper conduct of the election was supplied by the Town Clerk and turned over to the officers of the various precincts.

The polls were declared open in each precinct at seven o'clock in the morning and remained open until eight o'clock in the evening at which time after due notice they were declared closed.

The ballots were counted by the election officers and encased in boxes, which were locked and sealed, and the same were delivered by direction of the Town Clerk to the Police Station where they were to be placed under police guard until after the expiration of the time within which a petition for recount might be filed.

The returns and keys to ballot boxes from each precinct were turned over to the Town Clerk and with the assistance of the Registrars of Voters the returns were canvassed and the result announced.

RECOUNT

Arlington, March 13, 1934

Petitions for a recount of the votes cast on March 5, 1934 for Town Meeting Members were filed in accordance with law in the office of the Town Clerk.

Accordingly a recount was held March 13, 1934 at two o'clock in the afternoon in the Hearing Room, Robbins Memorial Town Hall.

The recount was conducted by the Registrars of Voters assisted by duly appointed clerks.

The candidates were duly notified by registered mail.
Some of the candidates appeared.

The meeting was called to order at two o'clock P. M. by Eben F. Dewing, Chairman of the Board.

The reading of the petitions was waived. The Clerk broke the seals and opened the boxes.

The result of the recount was as follows:

Precinct Ten

	March 5	March 13
*Harold N. Anderson	636	635
Francis F. Daily	401	400

ANNUAL MEETING

Arlington, March 21, 1934.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town by a Constable of said Town, notices having been sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members elected and qualified to act in Town Meetings, in Arlington, and posted at two places in each precinct, the Town Meeting Members met in the Robbins Memorial Town Hall in said Town on Wednesday, March 21, 1934 at eight o'clock in the evening. The Warrant calling the meeting was the notice sent by mail by the Town Clerk.

Lists of the duly qualified Town Meeting Members were used at the entrances of the meeting place and were in charge of Philip T. Robinson and James E. Sweeney. The lists contained the names of two hundred and seventy Town Meeting Members.

The Check Lists filed with the Town Clerk at the close of the meeting showed that two hundred and thirty members attended the meeting.

James C. Carr, stenographer, was sworn by the Town Clerk to the faithful performance of his duties.

The meeting was called to order at 8:05 P. M. by the Moderator, Judge John G. Brackett, who declared a quorum present.

The Town Meeting Members were sworn by the Moderator.

Copies of the Warrant having been supplied to the Town Meeting Members, the Town Clerk read only the Call and the Constable's Return of the Warrant, the

meeting voting on Leonard Collins' motion to dispense with the reading of the remainder of the warrant.

The following motion was made by Leonard Collins:

That when this meeting adjourns if all the business of the meeting as set forth in the Warrant is not disposed of on this date, the meeting adjourn to Wednesday evening, March 28, 1934 at eight o'clock.

The amended motion of J. Howard Hayes to hold the Adjourned Meeting on April 4th instead of March 28th on account of Holy Week being put before the meeting was lost.

On Mr. Collins' original motion being put before the meeting it was

Voted: (Unanimously) That when this meeting adjourns if all the business of the meeting as set forth in the warrant is not disposed of on this date, the meeting adjourn to Wednesday evening, March 28, 1934 at eight o'clock.

On motion of Leonard Collins:

Voted: (Unanimously) that Article 2 be taken up.

Article 2 taken up. (Choice of Other Town Officers)

Voted: (Unanimously) That the Town Clerk cast one ballot for each of the following officers for the term of one year designated as follows:

MEASURERS OF WOOD AND BARK

Arthur B. Peirce

Charles E. Hale

Patrick F. Brosnahan

On motion of Leonard Collins:

Voted: (Unanimously) That Article 3 be taken up.

Article 3 taken up. (Reports of Selectmen—other

Town Officers and Committees.)

On motion of Leonard Collins:

Voted: (Unanimously) That the reports of the Selectmen and of the various town officers and committees heretofore appointed together with the statistics of the assessors, as presented in the Town Report be received.

On motion of Harold M. Estabrook:

Voted: (Unanimously) That the report of the Finance Committee as presented in printed form be received.

The Moderator having ruled that the request of Thomas G. Hennessy for information relative to meetings of the Finance Committee was out of order.

On motion of Jacob Bitzer:

Voted: (Unanimously) that the work of the Brackett School Building Committee having been completed the Committee be discharged.

On motion of J. Howard Hayes:

Voted: (Unanimously) That the following report of the Committee to investigate and study the Public Library accommodations at Arlington Heights be received as a report of progress.

The committee under vote of the Town passed May 26, 1930 to investigate and study the Public Library accommodations at the Heights presents a report of progress.

It is hardly necessary to emphasize the fact that the inadequacy of the library accommodations at the Heights was never more of a handicap to the community than today.

Owing to the great increase in circulation of books, the practical difficulties arising from the present arrange-

ments are very great. With the increase in enforced leisure among adults, and the scarcity of money for car-fare among students, there is a crying need for improvement in Library facilities. There is also a great need for a reading room and for a meeting place for clubs and associations interested in civic and social progress.

The committee feel confident that the Town is aware of these facts and that as soon as financial conditions warrant it an appropriation will be made by the Town for the erection of the Branch Library at the Heights, the plans for which have been accepted by the committee.

Respectfully submitted,

SARAH R. VAUGHN

J. HOWARD HAYES

WILLIAM A. MULLER

On motion of M. Norcross Stratton:

Voted: (Unanimously) That the following report of the School Committee for the Construction of a Passageway between the old and new High School Buildings be accepted and the Committee be discharged from its duties as Building Committee in this connection.

Report of Building Committee for Construction of
Passageway between Old and New High Schools

On March 23, 1932, the following vote was passed at the Annual Town Meeting:

Voted: That the sum of \$18,000. be, and hereby is, appropriated for the construction of a four-story connecting passageway between the old and new high school buildings; said sum to be raised by general tax and expended under the School Committee.

The reason for authorizing this construction was the excessive inconvenience and hardship caused by the

necessity of descending staircases to ground level in the rear of the high school, walking across an unprotected walk and ascending other stairs, whenever students or teachers had to pass between the two buildings. In no case could this be done on the same level, and the extreme and not infrequent requirement was to pass from the fourth floor of the new building down and up to the sixth floor of the old school or vice versa.

Preliminary estimates of architect and contractors were that the cost would be between \$25,000. and \$30,000. After more detailed study, however, the conclusion was reached that \$18,000. would be sufficient. This sum was accordingly appropriated.

The School Committee, acting as Building Committee, selected George E. Robinson (architect of the new high school building) as its architect. He gave the problem careful study and worked out an entirely satisfactory plan.

The passageway, built according to his plans and specifications, is erected on a deep and substantial foundation. It is of brick to correspond with the adjacent buildings, and is entirely fireproof. The interior width is nine feet. Level corridors lead from old to new building at each floor. The old staircases are relocated for greater convenience. Proper lighting, heating, and safety provisions are incorporated, and the interior finish harmonizes with the adjoining corridors.

The passageway is not only of great convenience, but it also adds substantially to the welfare of the students and the efficiency of the school plant.

Bids for the original general contract were received from seven firms and by vote of the School Committee on July 1, 1932 the general contract was awarded to John W. Duff, Incorporated, whose bid was \$12,625. (This was later increased by \$438. to provide for a better grade of

face brick.) The work was started at once and with the exception of a few minor details, was completed before the opening of the fall term on September 7.

Other expenses than those included in the general contract have amounted to \$3,739.09, making the total expense \$16,802.09; this leaves an unexpended balance of \$1,197.91 to be returned to the Town Treasury.

A summary of the account is as follows:

Appropriation for High School Passageway....	\$18,000.00	
Paid George Robinson, Architect..	\$937.85	
Paid John W. Duff, Inc. General		
Contract	13,063.00

		\$1,197.91

The School Committee presents this report, recommends its acceptance, and the return to the Town Treasury of the unexpended balance of \$1,197.91, and begs to be discharged from its duties as building committee in this connection.

For the School Committee

M. NORCROSS STRATTON, Chairman

On motion of Leonard Collins:

Voted: (Unanimously) That at 8:28 P. M. the annual meeting be recessed until the business of the special meeting called for 8:30 P. M. is completed; and that in no event shall the recess of the annual meeting extend beyond the time at which said special meeting is adjourned.

On motion of Harold M. Estabrook:

Voted: (Unanimously) That Article 3 be laid on the table.

On motion of Harold M. Estabrook:

Voted: (Unanimously) That the remaining articles in the warrant be now taken up separately in the order in which they appear in said warrant and that the recommendations of the Finance Committee under said Articles as presented in their printed report be considered as now before the meeting, to be voted upon without further motion, separately, under the respective articles as they appear in said report.

Article 4A taken up. (Transfers of salaries and wages).

The following substitute motion was offered by Mr. Giffin and amended by Mr. Moore.

That the town accept all transfers, gifts and contributions by town officers and employees, of portions of their respective compensation, salaries and wages, same to be 5% of said compensation, salaries and wages, and to be accepted from the period beginning January 1, 1934 and ending Aug. 31, 1934; and that the town hereby determines that all sums received from or in connection with any and all such transfers, gifts and contributions shall be used for aged citizens assistance; soldiers' relief, burials, and exemptions; public welfare aid; and expended

under the direction of the Board of Selectmen, contributions of 5% may not be accepted from salaries of less than twenty dollars per week or of total amount of compensation of less than twenty dollars per week in case of broken time received by any Town employee.

The Moderator declared the meeting adjourned at this hour, 8:28. until the business of the Special Meeting is completed.

Meeting adjourned.

TOWN WARRANT

The Commonwealth of Massachusetts, Middlesex, ss.

To the Constables of the Town of Arlington, in said County:

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Arlington, to meet in the Town Hall in said Town on Wednesday, the 21st day of March, 1934 at 8:30 o'clock, P. M., at which time and place the following articles are to be acted upon and determined exclusively by town meeting members, in accordance with, and subject to the referenda provided for by, chapter 642 of the Acts of 1920.

Article 1. To hear and act upon the reports of the Finance and other committees heretofore appointed.

Article 2. To see if the Town will make an appropriation or appropriations (a) to pay to the County of Middlesex or otherwise assessments for the Town's share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932 bonds maturing in 1934, issued in compliance with chapter 10 of the Acts of 1932; (b) to so pay any other indebtedness incurred and outstanding under said chapter 10; (c) to so pay for the Town's share of interest on said bonds due in the year 1934; (d) to so pay for the care and treatment of tubercular patients under the provisions of chapter 385 of the Acts of 1928 as amended by chapter 60 of the Acts of 1931; (e) to so pay for the care, maintenance and repair of said hospital for the year 1933 including interest on temporary notes issued therefor in accordance with sections 85 and 85A of chapter 111 of the General Laws; and (f) to so pay for all other expenses in connection with said hospital or said loan; determine how the money shall be raised and expended; or take any action in relation to said hospital, loan or any other thing herein mentioned.

Article 3. To see if the Town will make an appropriation for the purchase of the tools, equipment and materials necessary to enable the Town to become eligible to institute and carry on certain public works and improvements for which the Federal Government may provide the money for the labor necessary in connection therewith under the Federal Civil Works Administration program, if and when extended; determine in what manner the money shall be raised and expended; or take any action relating thereto.

Article 4. To see if the Town will ratify and confirm the action taken by the Board of Selectmen on January 15, 1934, at which time said Board accepted for and in behalf of the Town, and subject to the conditions therein contained, the gift of the land and buildings thereon, situated

on Massachusetts Avenue and known as G. A. R. Hall, in pursuance of the terms of a certain Declaration of Trust made by Alfred H. Knowles et ali, Trustees dated January 29, 1894, and recorded with Middlesex South District Deeds in Book 2251, Page 488, to which Deed of Trust reference is made for a more particular description thereof; or take any action relating thereto.

And you will notify and warn the voters of the Town of Arlington to meet at the time and place herein specified by leaving at every dwelling house in the Town a printed copy of this Warrant, and also by posting a copy of the same at the doors of the Town Hall, and in a conspicuous place in each of the fourteen precincts of the Town, seven days at least prior to the time of said meeting.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, on or before said day and hour of meeting.

Given under our hands, at said Arlington, this twelfth day of February, in the year of our Lord one thousand nine hundred and thirty-four.

ARTHUR P. WYMAN

LEONARD COLLINS

GEORGE H. LOWE, JR.

Selectmen of the Town of Arlington.

CONSTABLE'S RETURN

Arlington, Mass., Feb. 24, 1934.

Middlesex County:

By virtue of this warrant I have notified and warned the legal voters of the Town of Arlington to meet at the time and place and for the purposes herein named by causing a printed attested copy of the same to be left at

every dwelling house in the Town, and by posting an attested copy at the doors of the Town Hall seven days at least before said day of meeting and by posting attested copies in two or more conspicuous places in each voting precinct in the Town. A notice of the time, places and objects of the meeting was published in the local papers.

(Signed) A. GORDON WIER,

Constable, Town of Arlington, Mass.

SPECIAL MEETING

Arlington, Mass., March 21, 1934.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Arlington, by a constable of the said Town and sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members duly elected and qualified to act in Town Meetings in Arlington, the Town Meeting Members met at the Robbins Memorial Town Hall in said Town on Wednesday, March 21, 1934 at eight-thirty o'clock in the evening.

Lists of the duly qualified Town Meeting Members were used at the entrances of the meeting place and were in charge of Philip T. Robinson and James E. Sweeney.

The check lists filed with the Town Clerk at the close of the meeting showed that two hundred and thirty members attended the meeting.

James C. Carr, stenographer, was sworn by the Town Clerk to impartially and correctly report the proceedings of the meeting to the best of his ability.

The Moderator called the meeting to order at 8:30 o'clock P. M. declaring a quorum present.

The Clerk read the call and the Constable's Return of the Warrant, the reading of the remainder of the Warrant being waived by the unanimous consent of the meeting.

On motion of Leonard Collins:

Voted: (Unanimously) That Article 1 be taken up.
(Reports of Committees).

On motion of Harold M. Estabrook:

Voted: (Unanimously) That the report of the Finance Committee as set forth in its printed form be now received.

On motion of Harold M. Estabrook:

Voted: (Unanimously) That Article 1 be laid on the table.

On motion of Harold M. Estabrook:

Voted: (Unanimously) That the remaining articles in the warrant be now taken up separately, in the order in which they appear in said warrant, and that the recommendations of the Finance Committee under said Articles as presented in their printed report be considered as now before the meeting to be voted upon without further motion, separately, under the respective articles as they appear in said report.

Article 2 taken up. (Assessment for County Hospital).

Voted: (Unanimously) That the sum of twenty-two thousand seven hundred seventy and $54/100$ (22,770.54) dollars be and hereby is appropriated to pay for the Town's share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932 bonds maturing in 1934, issued in compliance with chapter 10 of the Acts of 1932 (amounting to ten thousand (10,000)

dollars) ; to pay for the Town's share of interest and other charges on account of said Loan, of any other indebtedness and expenses incurred and outstanding under said chapter 10 and of interest on said bonds due in the year 1934 (amounting to three thousand six hundred ten and 48/100 (3,610.48) dollars more or less) ; and to pay for the Town's share of the cost and the care and treatment of tubercular patients under the provisions of chapter 385 of the Acts of 1928 as amended or otherwise (amounting to one thousand, eight hundred sixty-four and 11/100 (1,864.11) dollars more or less), and of the cost of the care, maintenance and repairs of the Middlesex County Hospital and other expenses on account of said Hospital for the year 1933 including interest on temporary notes issued therefor in accordance with sections 85 and 85A of chapter 111 of the General Laws or otherwise and for all other expenses in connection therewith (amounting to seven thousand two hundred ninety-five and 95/100 (7,295.95) dollars more or less), all as set forth in the order of the County Commissioners of the County of Middlesex, dated January 17, 1934; and that said sum be raised by general tax and expended under the direction of the Board of Selectmen.

Article 3 taken up. (Relating to Employment; Tools, Equipment and Materials.)

After an account of the C. W. A. work for 1933 given by Arthur P. Wyman local administrator, on the substitute motion of Harold M. Estabrook it was

Voted: That the sum of Fifteen Thousand Dollars be and hereby is appropriated for the purchase of the tools, equipment and materials necessary to enable the Town to become eligible to institute and carry on certain public works and improvements for which the Federal government may provide the money for the labor necessary in connection therewith under the Federal Works

Administration; said appropriation to be raised by general tax and expended under the direction of the Board of Selectmen.

Article 4 taken up. (Acceptance of Gift; G. A. R. Hall).

Voted: (Unanimously) That the action taken by the Board of Selectmen on January 15, 1934 in accepting for and in behalf of the Town, and subject to the conditions therein named, the gift of the land and buildings thereon, situated on Massachusetts Avenue and known as G. A. R. Hall, in pursuance of the terms of a certain Declaration of Trust made by Alfred H. Knowles et als, Trustees, dated January 29, 1894, and recorded with Middlesex South District Deeds in Book 2251, Page 488, to which Deed of Trust reference is made for a more particular description thereof; be and hereby is ratified and confirmed.

On motion of Harold M. Estabrook:

Voted: (Unanimously) That Article 1 be taken from the table.

There being no further business under Article 1 the Moderator declared Article 1 disposed of.

On motion of Harold M. Estabrook:

Voted: (Unanimously) That the meeting adjourn.

At 9:03 P.M. the Moderator declared the Special Meeting adjourned as all the business in the warrant for the Special Meeting had been disposed of.

A True Record, Attest:

E. CAROLINE PIERCE,

Town Clerk.

ANNUAL MEETING

Arlington, March 21, 1934

The business of the Warrant of the Special Meeting having been disposed of the Moderator declared the Adjourned Annual Meeting of this same date called to order.

When this meeting adjourned to take up the Special Meeting Article 4A was before the meeting a substitute motion having been offered by Mr. Giffin and amended by Mr. Moore. On the amendment of Mr. Moore being put before the meeting the motion was lost.

Thomas G. Hennessy, a voter of the town, presented a petition for a roll call on Article 4A of the Warrant. The Moderator explained the proceedings of a roll call to the Town Meeting Members. The clerk called the roll a canvass of which showed one hundred and sixty-two (162) voting in the affirmative and sixty-nine (69) in the negative on the original motion as set forth in the printed report of the Finance Committee under Article 4A which is as follows:

Voted: That the Town accept all transfers, gifts and contributions by town officers and employees of portions of their respective compensations, salaries and wages, upon the terms specified by such officers and employees; and that the Town hereby determines that all sums received from or in connection with any and all such transfers, gifts and contributions shall be used for aged citizens assistance; soldiers' relief, burials and exemptions; public welfare aid; and expended under the direction of the Board of Selectmen.

The Moderator declared Article 4A disposed of.

Article 4 taken up. (Town Outlays and Expenses.)

Voted: That sums be appropriated to defray Town expenses for the year 1934, to be raised by general tax and expended under the direction of the respective department heads, as follows:

The Meeting adjourned at 10:45 P. M.

A True Record, Attest:

E. CAROLINE PIERCE,

Town Clerk.

ADJOURNED MEETING

Arlington, March 28, 1934.

Pursuant to the vote of adjournment on March 21, 1934 the Town Meeting Members met in the Town Hall on Wednesday, March 28, 1934, notices having been sent by mail by the Town Clerk seven days before the meeting and posted in each precinct. A notice was published in the local paper.

Lists of the duly qualified Town Meeting Members were used at the entrances of the meeting place and were in charge of Philip T. Robinson and James E. Sweeney.

The check lists filed with the Town Clerk at the close of the meeting showed that two hundred and thirteen members attended the meeting.

James C. Carr, stenographer, was sworn by the Town Clerk to the faithful performance of his duties.

The Moderator declared a quorum present.

The meeting was called to order at 8:01 o'clock P. M. by the Moderator, Judge John G. Brackett.

Town Meeting Members not already sworn were sworn by the Moderator.

On motion of Leonard Collins:

Voted: (Unanimously) That if the business calling this meeting is not disposed of on this date, the meeting adjourn to Wednesday evening, April 4, 1934 at eight o'clock.

All laws governing pre-primary elections were observed.

The polls were declared open in the precincts at 12:00 noon and remained open until eight o'clock P. M., at which time, after due notice, they were declared closed.

The ballots were counted by the election officers in the voting places, the tally sheets and total tally sheets prepared by the Town Clerk being used.

The ballots after being counted were sealed in their envelopes, placed in their respective boxes, locked and sealed and by direction of the Town Clerk were returned to the vault at the Police Station to be preserved during the time required by law.

The Registrars of Voters assisted the Town Clerk in canvassing the returns as made by the election officers.

The result was as follows:—

Whole number of votes cast	1,256
Democratic votes cast	895
Republican votes cast	361

All laws governing primary elections were observed. The polls were declared open in the precincts at seven o'clock A. M. and remained open until eight o'clock P. M., at which time after due notice they were declared closed.

The ballots were counted by the election officers in the voting places, the tally sheets and total tally sheets prepared by the Town Clerk being used.

The ballots after being counted were sealed in their envelopes, placed in their respective boxes, locked and sealed and by direction of the Town Clerk were returned to the vault at the Police Station to be preserved during the time required by law.

The Registrars of Voters assisted the Town Clerk in canvassing the returns as made by the election officers. The result was as follows:

Whole number of votes cast	8,039
Democratic votes cast	3,537
Republican votes cast	4,502

Question No. 1

Law submitted upon referendum petition.

Shall a law described as follows:—

This law amends General Laws, Chapter 131, as previously amended, by repealing section 105A thereof and adding thereto three new sections, 105B, 105C, and 114A.

Section 105B provides that whoever uses any trap or other device for capture of fur bearing animals, which is not designed to kill such animal at once or to take it unhurt and which is likely to cause continued suffering to an animal caught therein, shall be fined fifty dollars, but traps or other devices for protection of property, set not more than fifty yards from any building, cultivated plot, or enclosures used for rearing poultry or game birds, to the use of which the presence of vermin may be detrimental, are excluded from the application of this section.

Section 105C provides for the submission to the voters at a municipal election in any city or town upon petition, of the question of whether the operation of section 105B shall be suspended or if it has been already suspended, of the question whether it shall again be operative in such city or town.

Section 114A provides that the Commissioner of Conservation may suspend the operation of Section 105B for a period not exceeding thirty days within any specified territory under the control of his department.

The law also provides for the submission, by the selectmen to the voters at a special town meeting in the current year, upon petition, of the question as to whether the provisions of section 105B shall be suspended in any town; and which was approved by both branches of the General Court by vote not recorded, be approved?

Question No. 1

Law Submitted Upon Referendum After Passage

Shall a law described as follows:—

This law amends General Laws, chapter 131, as previously amended, by repealing section 105A thereof and adding thereto three new sections, 105B, 105C and 114A.

Section 105B provides that whoever uses any trap or other device for capture of fur bearing animals, which is not designed to kill such animal at once or to take it

unhurt and which is likely to cause continued suffering to an animal caught therein, shall be fined fifty dollars, but traps or other devices for protection of property, set not more than fifty yards from any building, cultivated plot, or enclosures used for rearing poultry or game birds, to the use of which the presence of vermin may be detrimental, are excluded from the application of this section.

Section 105C provides for the submission to the voters at a municipal election in any city or town upon petition, of the question of whether the operation of section 105B shall be suspended or if it has been already suspended, of the question whether it shall again be operative in such city or town.

Section 114A provides that the Commissioner of Conservation may suspend the operation of section 105B for a period not exceeding thirty days within any specified territory under the control of his department.

The law also provides for the submission, by the selectmen to the voters at a special town meeting in the current year, upon petition, of the question as to whether the provisions of section 105B shall be suspended in any town; and which was approved by both branches of the General Court by vote not recorded be approved?

RECOUNT

Arlington, November 20, 1934.

Petitions for recounts of the votes cast on November 6, 1934 for the offices of Councillor, Senator, County Commissioner, and Sheriff were filed in accordance with the law in the office of the Town Clerk.

Accordingly a recount for the above mentioned offices was held on November 20, 1934 at 1:00 o'clock in the afternoon.

The meeting was called to order by Timothy J. Buckley, Chairman of the Board of Registrars, in the Hearing Room of the Robbins Memorial Town Hall.

The persons appointed to assist the Registrars in the recount were sworn to the faithful performance of their duties by the Town Clerk.

The candidates for the above mentioned offices had been duly notified by registered mail.

The meeting then adjourned to the main auditorium.

Fourteen tables were used in the recount.

Some of the candidates were present and others were represented by agents.

The petitions were presented by Chairman Buckley.

The persons assisting the Registrars were as follows:—

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, on or before said day and hour of meeting.

Given under our hands, at said Arlington, this thirteenth day of November, in the year of our Lord one thousand, nine hundred and thirty-four.

LEONARD COLLINS

GEORGE H. LOWE, Jr.

ERNEST W. DAVIS

Selectmen of the Town of Arlington.

CONSTABLE'S RETURN

Arlington, Mass., Nov. 23, 1934.

Middlesex County

By virtue of this warrant I have notified and warned the legal voters of the Town of Arlington to meet at the time and place and for the purposes herein named by causing a printed attested copy of the same to be left at every dwelling house in the Town, and by posting an attested copy at the doors of the Town Hall seven days at least before said day of meeting and by posting attested copies in two or more conspicuous places in each voting precinct in the Town. A notice of the time, place and objects of the meeting was published in the local papers.

A GORDON WIER,

Constable, Town of Arlington, Mass.

Arlington, Mass., November 26, 1934.

Pursuant to the Warrant of the Selectmen served according to law upon the inhabitants of the Town of Arlington, by a constable of the said Town, and sent by mail by the Town Clerk seven days before the day of meeting to the Town Meeting Members duly elected and qualified to act in Town Meetings in Arlington, the Town Meeting Members met at the Robbins Memorial Town Hall in said Town on Monday, November 26, 1934 at eight o'clock in the evening.

Lists of the duly qualified Town Meeting Members were used at the entrance of the meeting place and were in charge of Philip T. Robinson and James E. Sweeney.

The check lists filed with the Town Clerk at the close of the meeting showed that one hundred forty-six members attended the meeting.

James C. Carr, stenographer, was sworn by the Town Clerk to impartially and correctly report the proceedings of the meeting to the best of his ability.

The Moderator called the meeting to order at 8:07 o'clock P. M.

The Moderator asked if there were any Town Meeting Members who had not already been sworn to stand. Apparently all had been sworn.

The Town Clerk read the call and the Constable's Return of the Warrant, the reading of the remainder of the Warrant being waived by the unanimous consent of the meeting.

On motion of Leonard Collins:

Voted: (Unanimously) That if all the business of the meeting as set forth in the Warrant is not disposed of on this date the meeting adjourn to Monday, December 3, 1934 at 8:00 o'clock P. M.

On motion of Leonard Collins

In accordance with an order received from the Secretary of State a Recount of the votes cast for the office of Secretary of State was held on December 13, 1934 in the Robbins Memorial Town Hall, Arlington, Mass.

The meeting was called to order by Timothy J. Buckley, Chairman of the Board of Registrars, at seven o'clock in the evening, in the Hearing Room of the Robbins Memorial Town Hall.

The persons appointed to assist the Registrars in the Recount were sworn to the faithful performance of their duties by the Town Clerk.

The candidates for the above mentioned office had been duly notified by the Town Clerk by registered mail.

The meeting adjourned to the main auditorium.

Fourteen tables were used in the Recount.

Some of the candidates were represented by agents.

The Order was presented by Chairman Buckley.

The persons assisting the Registrars were as follows:

REPORT OF THE BOARD OF SELECTMEN

At the annual Town Election held March 5, 1934, Mr. Ernest W. Davis was elected a member of the Board of Selectmen for a term of three years. The Board organized with Mr. Leonard Collins as Chairman, and Mr. James J. Golden, Jr., as Secretary.

The regular meetings of the Board are held in the Selectmen's Room, Town Hall, on Monday evenings of each week. Routine matters are considered, interviews are held with heads of departments, hearings are given on petitions as required by law and audiences are given to individuals, committees and delegations by appointment. Due to many important matters confronting the Board during the year many additional meetings have been held on other evenings of the week.

The Board has seen 1934 bring to an end a year that has been unduly weighted with economic distress. It has seen our hopes for better business conditions, for increased employment, and for lessened welfare burdens, shattered. Thanks to the voluntary employees contribution of 10% of their salaries during the first six months of the year, together with the great assistance rendered by the E. R. A., the welfare drain upon our Town did not reach the colossal proportions anticipated.

The reports of the Welfare and the Soldiers' Relief Departments will be found elsewhere in this edition, and will prove illuminating in disclosing the heavy burden of the Town in aiding those in need within our community. The Board is desirous of publicly commending Mr. Clifford W. Cook for his able and conscientious discharge of his duties, as Agent of these very important departments.

POLICE DEPARTMENT

The paramount duty of our Police Department is service to the citizens of the Town. Its personnel, equipment, efficiency and morale are assurances of adequate protection to the Public Safety.

The Department continues to maintain and operate its radio broadcasting system, which has proved invaluable, making possible the apprehension of criminals within a few minutes of their having committed a crime. The hook-up with Lexington, Winchester and Woburn at a minimum cost to each of \$300 per year has been of mutual satisfaction, and furnishes a second line of defense partly surrounding the Town. It is expected that Reading and Stoneham will join in this radio hook-up during the coming year.

On April 16, Sergeants Thomas F. Sullivan and Daniel P. Barry were appointed Lieutenants.

The Annual Report of Chief Bullock found elsewhere in this edition will give in more detail the extent of the department's activities.

FIRE DEPARTMENT

The work of this department under the wise and able administration of Chief Tierney has enabled it to continue in the forefront of the Fire Departments of the Commonwealth.

The Department has continued to conduct in co-operation with the State Department of Education, a training school for firemen. The completion of each course has been the occasion of a banquet with suitable exercises and the attendance of officials responsible for this innovation.

The Chief's Annual Report found elsewhere in this edition contains in more detail the accomplishments of the year.

GENERAL MATTERS

On April 16, Arthur W. Sampson was appointed Registrar of Voters to fill the vacancy occasioned by the resignation of Eben F. Dewing.

The nineteenth of April (Patriots' Day) was observed by suitable exercises arranged for in conjunction with the General Committee of Boston. The local military and patriotic organizations co-operated in arranging and carrying out the program. Revere and Dawes made their usual visit with their escorts and were entertained at the Town Hall.

The U. S. Government has continued to make available certain funds for the direct relief of the unemployed of the country. During the month of March the Civil Works Administration (C. W. A.) was discontinued and the Federal Emergency Relief Administration (E. R. A.) substituted in its place. The Town is the beneficiary of an allotment of funds each month which have increased monthly from the meagre sum of \$12,000 in the month of May to the sum of \$35,000 in the month of December. There are at present approximately seven hundred (700) men and women employed under the E.R.A. in Arlington. Projects of a varied nature have been executed and all deemed suitable from the viewpoint of improvement to Town property, relief to Welfare and unemployed.

Mr. Neil S. Peters, local E. R. A. Administrator, and his assistants are to be commended in the functioning of the E. R. A. in Arlington, it being a great benefit to the Town, both as to the improvement in the morale of its beneficiaries, and in the financial returns to the business interests. Its continuance would be most valuable and effective in maintaining these very desirable conditions.

On petition filed with the Board a Referendum was held on Monday, April 23, to determine by ballot questions involved in certain votes passed at Town Meeting, said votes being substantially as follows:

1. Shall the Town accept Section 48 of Chapter 31 of the General Laws and any amendments thereto and thereby bring the members of the Fire Department under Civil Service.

2. Shall the Town accept Sections 21 to 25, inclusive, of Chapter 136 of the General Laws making it lawful to take part in or witness any athletic outdoor sport or game, except horse racing, automobile racing, boxing or hunting with firearms on the Lord's Day between 2 and 6 P. M., and providing that such sports or games shall take place on such playground, parks, or other places as may be designated in a license issued by certain local licensing authorities; that no sport or game shall be permitted in a place other than a public playground or park, within one thousand feet of any regular place of worship; that the charging of admission fees or the taking of collections or the receiving of remuneration by any person in charge of or participating in any such sport or game shall not be prohibited; and that the license may be revoked.

3. Shall the Town accept Section 47 of Chapter 31 of the General Laws and thereby place all Town Employees not already so classified under the Civil Service.

The voters by ballot voted in the affirmative on all three (3) questions. The Board appointed Mr. Clarence Needham, Town Accountant, as Personnel Agent in connection with Civil Service and Miss M. Agnes Parris as Civil Service Registration Clerk. Mr. John E. Donovan was appointed on September 24 as Civil Service Registration Clerk to fill the vacancy caused by the resignation of Miss Parris.

Upon the death of Commander Alfred H. Knowles, of Post 36, G. A. R., in December of 1933, the Town, under the provisions of the deed of gift, became the owner of the G. A. R. building and land.

The Board being authorized and empowered on behalf of the Town to sell at public auction or private sale its right, title and interest in said property, advertised for sealed bids to be opened on Monday, August 20. The only bid received was that of the Trustees of the Building Fund of Arlington Post 39, American Legion, in the amount of \$4,000. The bid was accepted and the property accordingly conveyed by deed.

On November 6, in conjunction with the State Election an opportunity was provided the voters to express their informal opinion regarding Sunday motion pictures in Arlington. The majority of voters by informal ballots voted that Sunday motion pictures be not allowed in Arlington.

MENOTOMY HALL

This building is used principally for the clerical staff and others employed under the E. R. A.

The following organizations also use this building:

Girl Scouts

Corporal William Power Kenibbs Camp No. 66

Corporal William Power Kenibbs Auxiliary Camp No.

67

Disabled American Veterans, Arlington Chapter 49

Veterans of Foreign Wars, Arlington Post 1775

American Legion Band, Arlington Post 39

Boy Scouts

The auditorium on the second floor is used in the execution of women's E. R. A. projects. The two offices on the ground floor are both occupied at a satisfactory rental.

The members of the Board have been appreciative of the fact that their duty has been service to the citizens of the Town, whose confidence has been placed in them, and have endeavored at all times to promote the best interest and welfare of the Town by giving careful study and consideration to all matters that have come before them for action.

The Board wishes to express their appreciation for the co-operation extended from individuals, committees, boards and other organizations in assisting them in the performance of their official duties.

REPORT OF BOARD OF PUBLIC WELFARE

January 1, 1935

Honorable Board of Selectmen,
Arlington, Mass.
Gentlemen:

I herewith submit my report for the Welfare and Soldiers' Relief departments for the year ending December 31, 1934.

The Arlington Board of Public Welfare is committed to a program of adequate relief for all indigent families and persons residing within the Town. Budgetary standards have been fixed following a survey of local conditions in conjunction with the State Department of Public Welfare. Aid rendered to each family has been based upon these accepted standards, and relief has been administered on an adequate basis to preserve the health and well-being of all families in need of relief.

Every known protective measure has been utilized to insure the Town against fraudulent abuse of Public Welfare privileges. Our department investigations have been followed by Police investigations of all cases throughout the year. Social Service Index reports have been procured in each case; bank accounts and employment records have been checked; real estate holdings investigated and relatives contacted in a constant effort to safeguard public funds and render aid only to those in need.

Proper legal action was taken by our Town Counsel against Cities and Towns in the Commonwealth in cases where this action became necessary in order to protect our claims for reimbursement for aid rendered families with settlements in other municipalities.

Due principally to the constant and conscientious supervision of our Town Physician, hospitalization and medical expense has been held to a minimum.

Our case load for all charities, 737 cases, shows an increase over the previous year, although expenditures were substantially less than in 1933. This is reconciled by the fact that in many cases earnings from Federal Emergency Relief Administration projects have been supplemented by direct relief in families where these earnings were inadequate to provide for budgetary needs. During the year 259 persons were transferred from Public Welfare rolls to E.R.A. work.

The Town of Arlington has benefited materially and the morale and self respect of the unemployed has been maintained under the Federal Emergency Relief program. Our relief expenditures have shown a definite trend upward since 1929. The year of 1934 has reflected the value of the E.R.A. contribution by the fact that our town expenditures for relief were considerably less than in the previous year.

The following Federal Commodities were disbursed through this Department during the year, to Welfare families and those employed on Emergency Relief Administration work.

5,105 pounds	Butter
410 "	Beans
18,510 "	Roast Beef (cans)
670 "	Cheese
14,602 "	Flour (24½ lb. bags)
2,160 "	Hamburg (cans)
870 "	Lard
10,110 "	Smoked Pork
33,300 "	Potatoes
3,024 "	Rice
68 Barrels	Cabbage
660 Dozen	Eggs
350 "	Oranges
52 Barrels	Veal
936 Packages	Wheat Cereal
567 Tons	Coal
2,142 Units of	Finished Clothing

Disbursement and records of inventory and receipts of these commodities were maintained under Federal regulations.

Able-bodied men, whose families have been aided by this Department, have been obliged to work in return for aid rendered. The Park Department has benefited in the amount of 2705 man days' labor by this procedure.

Welfare Aid was extended to 462 families, representing a total of 1811 persons, 300 of these cases had Arlington settlements; 97 were State responsibilities and 65 were acknowledged settlements in other cities and towns in the Commonwealth.

Mothers' Aid was rendered to 16 families. There were 9 cases with Arlington settlements, 2 with State settlements and 5 with settlements in other cities and towns.

Old Age Assistance was granted to 87 aged citizens; 33 new cases being added during the year and 11 discontinued. There were 56 cases with Arlington settlement; 9 were State responsibilities and 22 with settlements in other municipalities.

Soldiers' Relief was extended to 136 Veterans and their families.

State and Military Aid was allowed to 16 disabled Veterans and their families.

Total Expenditures for Welfare Aid and

Mothers' Aid	\$148,306.17
Less reimbursement from State, Municipalities and Individuals	33,062.32
Net Expense	\$115,243.85
Total Expenditures for Old Age Assistance	\$22,101.88
Less reimbursements from State and Municipalities	7,302.74
Net Expense	\$14,799.14

Total Expenditures for Soldiers' Relief,	
State and Military Aid	\$27,711.40
Less Reimbursements	1,510.00
	<hr/>
Net Expense	\$26,201.40

This Department wishes to express its appreciation to Town Departments and Officials, Civic Agencies, Churches and Individuals for their co-operation during the year.

Respectfully submitted,

CLIFFORD W. COOK, Agent.

REPORT OF THE INSPECTOR OF ANIMALS

Arlington, Mass., December 31, 1934.

To the Honorable Board of Selectmen
Town of Arlington, Mass.

Gentlemen:

I herewith submit my report as Inspector of Animals for the year ending December 31, 1934.

The following table will show the character and extent of the work of my department for the year, and a comparison with 1933.

	1934	1933
Number of premises inspected where cattle kept	8	9
Number of cattle examined	15	14
Number of sheep and goats	6	6
Number of dogs quarantined for biting people	120	100
Number of dogs quarantined for contact....	2	None
Number of heads sent to laboratory	5	3
Number of heads declared "Positive"	3	3
Total number of Rabies cases (two from Boston Hospitals)	5	3
Number of persons bitten by Rabies cases	None	2
Total number of calls on dogs and cats	292	220
Total number of calls on all animals	300	229
Stray dogs destroyed after quarantine	4	None

We have been fortunate in not having many cases of Rabies in the Town this past year.

There has been an increase in the number of dog-bite cases, and I believe a rigid quarantine of all dog-bite cases for the full fourteen days is absolutely necessary.

I wish to thank the Board of Health and the Police Department for their hearty support at all times.

Respectfully submitted,

CHESTER L. BLAKELY, M.D.V.

Inspector of Animals.

BOARD OF APPEAL

January 10, 1935.

To the Board of Selectmen,

Gentlemen:

The Board of Appeal respectfully submits the sixth Annual Report:

During the year ending December 31, 1934, four (4) appeals were made to the Board from the decision of the Inspector of Buildings.

In three (3) of the above appeals the decision of the Inspector of Buildings was reversed and in one (1) appeal his decision was upheld.

Respectfully submitted,

FREDERICK F. LOW,
ALTON F. TUPPER,
THOMAS J. DONNELLY,

Board of Appeal.

BUILDING DEPARTMENT

To the Honorable Board of Selectmen,

Vegetable stand	2	240
Dormers	3	385
Sheds	2	515
Chimney	1	25
	<hr/>	<hr/>
	183	\$316,986

611 plumbing and 457 gas permits have been issued.

Fees collected for the year were as follows:

183 Building permits	\$473.00
611 Plumbing permits	785.75
457 Gas permits	228.50
<hr/>	<hr/>
1251	\$1,487.25

The year 1934 has closed with the record of building permits maintaining the position it has in the past, with that of surrounding towns.

During the year four appeal cases were before the Board of Appeal for disposition, three of which were granted.

Violations continue but not to the extent that we have had serious difficulty, only two cases being prosecuted in court and one tried before the State Examiners of Plumbers.

Respectfully submitted,

W. E. MASON,
Inspector of Buildings.

FIRE AND POLICE SIGNAL SYSTEM

Arlington, Mass., January 1, 1935

To the Honorable Board of Selectmen,
Arlington, Massachusetts.

Gentlemen:

New batteries were installed on the fire alarm system replacing the Gamewell type FIP, to the Gould type CGWS.

There were three open circuits on the fire alarm system during the year, two were caused by automobiles knocking over pedestals. The pedestal at Massachusetts Avenue near Bartlett Avenue was hit twice, and the Edison line falling onto the fire alarm wires on Landsdowne Road.

Fire box pedestal No. 13 at Massachusetts Avenue and Palmer Street was moved from North side of Palmer Street to the South side to permit a driveway to be installed into a new filling station. Fire Box No. 822 at Appleton Street near Daniels Street was moved to the North side of Appleton Street on the corner of Daniels Street.

A six-inch tapper was installed in the home of Deputy Chief John Tierney, 64 Brattle Street, June 14th, 1934.

The G.M.C. truck that was in service since 1926 was replaced by an International truck transferring the old body to the new chassis, March 21st, 1934.

Thomas A. Carlow was transferred to the Fire Department, May 6th, 1934, and the vacancy was filled by John P. Mahoney, May 15, 1934.

This department decorated the Town Hall and the tree at Monument Park at Christmas time.

The Heights bell tower was painted under an E. R. A. project.

The governor on the Whistle plant was overhauled:

All fire and police boxes were painted.

One pole and four live wires were removed from the streets.

Number of persons admitted to their homes	8
---	---

Number of cats rescued from trees	6
-----------------------------------	---

Number of transfers	22
---------------------	----

Number of radio calls	24
-----------------------	----

The Sparton radio was replaced by a Motorola Police radio, July 27th ,1934.

POLICE SIGNAL SYSTEM

There were three open police circuits, two were caused by automobiles knocking the pedestal down at Massachusetts Avenue near Bartlett Avenue, and one caused by a limb of a tree on Thorndike Street.

Police box No. 431 at Westminster Avenue and Westmoreland Avenue was moved to Crescent Hill Avenue and Westmoreland Avenue. Police box No. 122 at Pleasant Street and Lake Street was relocated to permit the construction of the underpass on the new State Road.

RECALL LIGHTS

There were three open circuits on the Recall Light System during the year. One was caused by cable breaking at Massachusetts Avenue and Brattle Street. One by Edison line falling onto the recall circuit at Landsdowne Road and one by lightning striking the light fixture on top of Symmes Hospital.

All recall lamps were painted and new contacts were installed.

New batteries were installed on the police system replacing the old Gamewell type FIP, to Gould type CGWS,

and rectifiers replacing the motor and generator for charging the batteries.

Bank alarms were installed by the Arlington Five Cent Savings Bank and connected to the Police Signal System.

The above is the report of Lester Cameron who had charge of the System until September 25, 1934, after which time practically all the work done was maintenance of the System.

September 11, Lester Cameron informed me that a representative of the Labor Board ordered him and his assistant to stop work at 5 o'clock and thereafter to work only eight hours per day.

The Selectmen at their meeting that same night countermanded that order.

September 24, at a conference of the Board of Selectmen, at which Lester Cameron, a representative of the Labor Board and myself were present, the Selectmen voted to place the System in charge of the Fire Department.

November 7, the Board of Selectmen and myself were called to the State House by the acting Commissioner of Labor for a conference. Counsel and the Inspector of the Labor Board were present.

They withdrew the objection to having the men on duty more than eight hours, but did object to using them in dual capacity, as fireman and for maintenance of the Fire and Police Signal System.

We insisted that the fire alarm system was a part of the Fire Department and as such the Labor Board had no jurisdiction. It was agreed to refer the matter to the

Attorney General for a ruling, but to date none has been received.

Appropriation	\$7,306.73
Expended	7,304.03
	<hr/>
Balance	\$2.70

Respectfully submitted,

DANIEL B. TIERNEY,

Supt. Fire & Police Signal System.

REPORT OF FIRE DEPARTMENT

Arlington, Mass., January 1, 1935

Honorable Board of Selectmen,
Arlington, Massachusetts.

Gentlemen:

I have the honor to present my twelfth annual report as Chief of the Arlington Fire Department for the year ending December 31, 1934.

The manual force consists of forty-eight men, including Chief, two Deputies, seven Captains, six Lieutenants and thirty-two privates, also a Department Surgeon, Dr. Winslow M. Kingman.

CAPTAIN ERNEST H. GRIFFIN

October 7, the Department lost by death, after a long illness, Captain Ernest H. Griffin who was born in Cambridge, Mass., August 10, 1878. He was appointed substitute call-man August 1, 1904; regular call-man, September 1, 1904; permanent fireman, June 4, 1916; Lieutenant, March 1, 1928; Captain, July 21, 1928.

Captain Griffin was a wonderful type of man. His character, always above reproach, was such that he had the finest sense of responsibility, fidelity and loyalty that always made him available when devoted, faithful service was required.

He was a mechanical genius and the Department was greatly enriched through his talents in various lines, freely given to the fire service of Arlington.

CAPTAIN JOHN BARRY

December 19, the Department lost by death Captain John Barry after a sickness of a few hours. He left Headquarters not feeling well at 3 P. M. and died at 10 P. M.

He was born in Ireland, April 12, 1867. Appointed substitute call-man, April 23, 1892; regular call-man, May 27, 1893; permanent fireman, November 17, 1913; Captain, May 1, 1928.

Captain Barry was always a devoted, trustworthy, painstaking and hard working servant for the service he loved, and a citizen of sterling character.

He was highly respected by all members of the Department for his fearlessness and courage in line of duty and possessed a most wonderful and cheerful disposition that endeared him to all. His passing is a distinct loss to the Department.

GENERAL MATTERS

Two ladder trucks, four pumping units and a Special Service Unit are in active service.

A Knox Combination purchased in 1913 is in reserve. A 1000-gallon capacity monitor nozzle is mounted on the deck for use at large fires.

A Knox Combination, 1911, has been converted to a supply truck.

The Department responded to 144 Box Alarms, 245 Still (telephone calls), 79 Mutual Aid Calls (out of town), a total of 468—79 calls more than in 1933.

14 false alarms were sounded—last year, 21.

23 injuries were received by firemen in performance of duty. Firemen treated—office visits, 19; house visits, 20; fire stations, 22; at fire, 1; others treated—Carbon Monoxide, 1 dead on arrival, 1 to hospital; injured, treated at

fire, 1; burned, 1; smoke inhalation, 1; refrigerator leak, 2; treated at neighbors; illuminating gas, 1; removed to hospital; false call for drowning at Spy Pond, 1.

The total value of property endangered, the insurance thereon, the loss sustained and the insurance paid follows:

	Value	Insurance	Damage	Ins. Paid

FIRE PREVENTION

The Department made 16,856 twice-a-month inspections of all business places and public buildings throughout the Town, in which only four fires occurred, two of them were incendiary fires, one of suspicious origin, and one careless smoking.

Last year we had three; 1932, six; 1931, three; and three in 1930. These records clearly show the high type of merchants doing business in this Town.

The firemen for the eleventh consecutive year donated their "days-off" for the annual inspection of cellars of all dwellings.

The cellars of 6,942 dwellings were thoroughly inspected and a record of conditions found in each dwelling is on file at Headquarters. The records that show unsatis-

factory conditions are usually those of newcomers and a few habitually careless.

Of all fires in dwellings only nine occurred in cellars, eleven last year; seven in 1932; eleven in 1931; nine in 1930. A proud record.

Following is some data compiled as a result of this inspection:

1934	1933
6,942.....Total number of houses.....	6,893
232.....Vacant apartments	437
458.....Combustible roofs	480
3,742.....Oil Burners	2,873

NUMBER OF HOUSES EACH YEAR

1924 (first inspection) 3,918; 1925, 4,640; 1926, 5,170; 1927, 5,561; 1928, 5,924; 1929, 6,247; 1930, 6,494; 1931, 6,739; 1932, 6,849; 1933, 6,893; 1934, 6,942.

INSPECTIONS

Mercantile inspections	16,856
Dwellings	6,942
Oil Burners	869
Total Inspections	24,667

FIRE DRILLS IN SCHOOLS

Fire drills were given in all public and private schools, a record taken of the number of class rooms, pupils, exits used, and the time required to vacate each building. These records show that the pupils have been thoroughly trained so that should an emergency arise they would leave the buildings speedily and safely.

Four hundred and thirty-five fire extinguishers were recharged in schools and other public buildings, garages and factories.

Town Meeting of March 28th voted Civil Service for the Fire Department.

Civil Service for all other Town employees was denied.

April 2nd, petitions for referendum were filed to repeal vote for Civil Service for Firemen and to allow Civil Service for all Town employees. April 23rd, polls opened from 2 P. M. to 8 P. M.

Vote for Civil Service for Firemen:

Yes2,021 No 890

Vote for other Town Employees:

Yes1,525 No1,446

October 16th I requested the Civil Service Commission to arrange for an examination for the fire service to fill vacancies. January 12th, 1935, was the date assigned for the examination and December 29th, 1934, the last date for filing applications. Seventy-seven made applications.

I recommend that \$116,208.50 be appropriated for the ensuing year.

In conclusion I wish to express to the Selectmen my sincere appreciation of their keen interest in the work of the Department and for their willingness to assist on every occasion; the Board of Public Works which has never failed to render service when needed; the Police Department who always work hand in hand with this Department; and to my own officers and men whose loyalty and devotion to duty have made this Department efficient.

Respectfully submitted,

DANIEL B. TIERNEY,

Chief, Fire Department.

REPORT OF THE GYPSY AND BROWN TAIL MOTH DEPARTMENT

To The Honorable Board of Selectmen.

Gentlemen:

I herewith submit my report as superintendent of the Gypsy Moth Department for the year ending December 31, 1934.

A continuation of the work at the Symmes Hospital and Arlington Heights reservoir of cutting out underbrush and removing dead trees was completed in February which was a C.W.A. project.

I also had a crew of six men inspecting trees in woodland and outlying districts for Gypsy and Brown Tail Moth Nests, but due to lack of funds from the government the work had to be discontinued after about forty per cent of the town had been covered.

The condition of this town in regard to the Gypsy Moth is practically the same as it was last year. If anything, the infestation has been slightly increased, but in no way compares with conditions in some of the Cape Cod and North Shore districts. The whole town was covered and all egg clusters that were found were treated with creosote. In the spring all our shade trees were sprayed and whenever property owners requested it their estates were sprayed thereby making a remittance to the town.

There has been many people who have mistaken the Tent Caterpillar and Fall Webworm for the Brown Tail Moth and I have received many complaints regarding same, but actually there was only two sections of the town where we found any, namely, Broadway near Alewife Brook, and on Summer Street.

There has been much said recently in regard to the Dutch Elm Disease which has been spreading over some of our neighboring states, but as far as can be learned it has not reached Massachusetts, and every precaution is being taken in our town to detect it and prevent it spreading.

There was a slight defoliation on some of the Elms in the Mystic Street section and also on Park Avenue due to the Elm Leaf Beetle, but as a rule we have very slight trouble with this insect.

In conclusion I wish to take this opportunity to thank the Board of Selectmen and their Secretary for their courtesy and co-operation during the past year.

Respectfully yours,

GEORGE M. DOLAN,
Superintendent.

POLICE SIGNAL SYSTEM

Duty calls	120,884	108,668
Telephone calls	410	362
	Miles	Miles
Patrol and ambulance has gone	814	1,380

The police radio service has continued to give excellent results. Although I was unable to increase our service to the surrounding towns at the regular charge of \$300 each, beginning with the first of the year both Stoneham and Reading are going to try out the service and if it proves satisfactory I expect to have them in on the general hook-up at the above yearly rate.

It is my opinion that the control of police radio will be taken over by the State and that a systematic method of operation will be worked out on a cooperative basis.

TRAFFIC

The automobile traffic problem has been increasing each year as we find our population increasing and greater number of automobiles traveling through Massachusetts Avenue.

Owing to the opening of the new Concord Turnpike, I am of the opinion that it will decrease the traffic on Massachusetts Avenue by about ten thousand cars.

This year we had 131 persons injured from automobile accidents on Massachusetts Avenue, two of which proved fatal in spite of a rigid enforcement of the automobile laws with numerous speed traps along the Avenue.

I am convinced that the only possible way to prevent accidents is to slow up the traffic and the only effective way to do this is to install some additional traffic signal sections along the Avenue.

I, therefore, recommend an appropriation of \$2400 for three traffic signal sections to be located as follows: Teel Street and Massachusetts Avenue; Foster Street and Massachusetts Avenue, and Mill Street and Massachusetts Avenue. I also recommend an appropriation of \$400 to purchase two new traffic controllers to replace obsolete controls at Summer and Mystic Streets, and Massachusetts Avenue and Park Avenue. These two controls do not provide a pedestrian period which is necessary at these two dangerous crossings, especially because of numerous school children crossing at these dangerous intersections.

Due to the continued efforts of every member of the Police Department, Arlington still retains its high standing as a law abiding Town and a desirable place in which to live.

I wish to thank your Honorable Board for your cooperation and support during the year, and all other departments of the Town Government, as well as those citizens who have in any way assisted the Department in their work. With your continued support the Department shall continue to function efficiently and endeavor to retain the high standard Arlington now possesses.

Respectfully submitted,

ARCHIE F. BULLOCK.

Chief of Police.

Mr. Eben F. Dewing who had served over thirty years as a member of the Registrars of Voters notified the Board of Selectmen that he was no longer a candidate for reappointment. This was accepted with sincere regret as Mr. Dewing's long service was of great value to the Town.

At the last meeting the Selectmen met with the Registrars to thank Mr. Dewing for his services. Also to express to him their appreciation of the benefit they had derived from their contact with him.

Mr. Arthur W. Sampson, of 21 Cliff Street, was appointed as a member of the Registrars of Voters for a term of three years.

One thousand seven hundred eleven (1711) weights and measures were inspected, sealed, or condemned in my office or at the several places of business, and statutory fees amounting to the sum of \$151.59 were received and paid to the Town Treasurer.

During the year at various times I made inspections of package goods, and reweighings of orders ready for delivery in the different places of business. I have rechecked several of the sealed devices to insure their accuracy.

Through my inspection of Hawkers and Peddlers and Transient Vendors, the Town Treasurer has received the sum of \$375.00 for Hawker and Peddler licenses.

As a result of my activities, I found it necessary to prosecute 4 cases in Court, three short weight cases were settled out of Court, satisfactorily to all concerned.

Reweighing of Coal in transit has also been very carefully followed up and in addition some deliveries of coal made to the School Department was checked and found to be correct.

Respectfully submitted,

ALLAN E. COWIE,
Sealer of Weights and Measures.

REPORT OF THE BOARD OF PUBLIC WORKS

The Board of Public Works herewith submits its annual report for the year ending December 31, 1934.

HIGHWAY DIVISION

In the Maintenance Department of the Highway Division, thirteen thousand, three hundred seventeen dollars and seven cents were spent for the Cleaning of Streets, and \$6,398.05 for the Maintenance and Repair of Public Ways exclusive of Massachusetts Avenue, and for the Maintenance of Massachusetts Avenue, \$792.11 was spent.

For the Care and Repair of the Storm Drain System during the year the sum of \$9,503.93 was expended.

Six thousand, one hundred twenty-eight dollars and seventy cents were expended for the Maintenance of Sidewalks, and for the Maintenance of Permanent or Granolithic Sidewalks, the sum of \$1,833.33 was expended. In addition to the Maintenance of Sidewalks the Board this year replaced, readjusted, and repaired curbing at various locations, for which the sum of \$1,269.33 was expended.

For the protection of our Tar and Gravel Streets and some of our older Macadam Streets, a tar and sand treatment was applied. For this treatment, the sum of \$4,312.28 was expended.

RECONSTRUCTION OF STREETS

During the year Park Avenue was reconstructed from Lowell Street to Paul Revere Road and from Oakland Avenue to the Belmont Line, and Lake Street from the junction of the new Concord Highway approximately three hundred fifty feet easterly. Both of these streets were reconstructed with a penetrated macadam pavement, the work being done under the provisions of Chapter 90 of the General Laws.

In the reconstruction of the section of Park Avenue between Lowell Street and Paul Revere Road, the old stone culvert at Mill Brook was reconstructed with reinforced concrete, and also constructed so as to accommodate a much larger flow of water. On Park Avenue the State contributed two-fifths and the County one-fifth of the cost based on the unit prices contained in the contract. The pavement construction was done by the University Contracting Company, and the storm drain and curb installation by the Public Works Department.

On Lake Street the State contributed fifty per cent and the County twenty per cent of the total cost. The Reconstruction of Lake Street was done by the employees of the Public Works Department under the direction of the Superintendent of Public Works, Edward O'Brien.

Payments and expenditures on the two above streets, to date, amount to \$34,699.97. For explanation see Table 1.

NEW STREET CONSTRUCTION

During the year the following streets were accepted by the Town and constructed under the direction of the Board of Public Works:

Bailey Road, from Massachusetts Avenue to Gloucester Street.

Burch Street, from Lake Street to Dorothy Road.

Gloucester Street, from Bailey Road to Churchill Ave.

Philips Street from Webster Street to Franklin St.

Scituate Street from Gray Street to Longfellow Road.

Sunset Road, from Bow Street to Blossom St.

Of the streets constructed this year, Burch Street and Philips Street were constructed by the employees of the Public Works Department. Bailey Road, Gloucester St., Scituate St. and Sunset Road were constructed under contract by Simpson Bros. Corporation.

In addition to the new streets constructed this year the Board also constructed, under the appropriation "Alteration of Way, Appleton Place", Appleton Place from Appleton Street to a point approximately one hundred fifty feet southerly.

Board of Public Works

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

To the Honorable Board of Selectmen
Arlington, Mass.

Gentlemen:

The Joint Board of Selectmen and Board of Public Works respectfully submits its thirty-first annual report for the year ending December 31, 1934.

At the Annual Town Election held March 5, 1934, Mr. Ernest W. Davis was elected a Selectman for a term of three years, and Mr. Loren W. Marsh was elected a member of the Board of Public Works for a term of three years, and by virtue of such elections both became members of this Board.

The Board organized with Mr. Leonard Collins, Chairman, and Mr. James J. Golden, Jr., Secretary. The following appointments were made: Town Counsel, John L. Murphy; Town Engineer, James M. Keane, and Superintendent of Wires, William E. Mason.

NEW STREETS

Applications were filed with the Board by the owners of property on eleven streets requesting the acceptance and construction of said streets. After holding the required hearings, it was recommended that the following streets be accepted and constructed during the summer of 1934, viz:

Bailey Road
Burch Street
Gloucester Street

Philips Street
Scituate Street
Sunset Road

These streets were accepted at the Annual Town Meeting and subsequently constructed. The amount of money appropriated for this purpose was fifty-two thousand, nine hundred forty dollars and seventy-six cents (\$52,940.76).

STREET LIGHTS

The Street Lighting schedule has continued as heretofore. Additional lights have been ordered installed on various private and public ways where, in the judgment of the Superintendent of Wires, it was deemed advisable. The street lights located on Massachusetts Avenue, from Franklin Street to the Cambridge line, have been increased in candle power from 1000 to 1500. The purpose in doing this was principally to aid in the prevention of accidents within this area.

SIGNAL SYSTEMS

The Fire and Police Signal Systems have again been restored to the control and supervision of the Chief of the Fire Department, and this direct control has brought about a more efficient department.

The system continues in excellent working order, lines having been renewed, signal boxes having been installed, and others having been relocated at points where they are of greater service.

SIDEWALKS AND EDGESTONES

The sum of ten thousand dollars (\$10,000) was appropriated at the Annual Town Meeting for the construction of permanent sidewalks and for the installing of edgestones. A substantial amount of this appropriation was used to install granite edgestones on Summer Street, viz:

Northerly side, from Mystic Street to a point west of Richfield Road;

Southerly side, from Mill Street to Grove Street.

It is agreed that this has proved to be a decided improvement.

Various sidewalks, driveways and edgestones were constructed and installed upon petition of property owners.

NEW BOARD OF SURVEY PLANS

The Board, sitting as the Board of Survey, acted favorably upon the following plans presented for consideration:

Hancock Street

Pearl Street

Court Street

ITEMS OF GENERAL INTEREST

The Board has discussed at various times the matter of extending rapid transit service into Arlington.

It has been unanimously agreed that the furtherance of rapid transit from the City of Boston should be from Lechmere Square, Cambridge along the right of way of the Boston & Maine Railroad into Arlington, it being the natural feeder to Boston and above all, less expensive than the much discussed proposed extension of the Cambridge subway.

Hearings have been granted to the New England Tel. & Tel. Co. of Massachusetts, the Edison Electric Illuminating Company of Boston and the Boston Elevated Railway Company, upon petitions filed for the location, relocation and removal of poles, construction of conduits and manholes and for attachment privileges for wires and fixtures.

Permits have been granted the Arlington Gas Light Company to install, construct and maintain gas mains in the public ways of the Town where public convenience required.

Mystic Street, from the Winchester line southerly 400 feet; Summer Street, from Mystic Street to Mill Street; Park Avenue, from Lowell Street to Paul Revere Road and from Oakland Avenue to the Belmont line; and Lake

Street, from the Cambridge-Concord Highway to a point near Wilson Avenue, have been reconstructed under the provisions of Section 34 of Chapter 90 of the General Laws, the State, County and Town sharing in the expense of these improvements.

The members of the Board have been appreciative of the fact that their duty has been service to the citizens of the Town, whose confidence has been placed in them, and have endeavored at all times to promote the best interests and welfare of the Town by giving careful study and consideration to all matters that have come before them for action.

REPORT OF THE TOWN ENGINEER

February 2, 1935.

To the Honorable Joint Board of Selectmen
and Board of Public Works
Arlington, Mass.

Gentlemen:

I herewith respectfully submit my annual report as Town Engineer for the year ending December 31, 1934.

This department is called up by almost every other department connected with the Town for some sort of engineering service. During the course of this year the calls were so varied that it is practically impossible to itemize each request but the work done for some of the departments is as follows:

Selectmen:

All claims for both personal injuries and property damage alleged to have been received within the lines of any public way because of a defective condition are turned over to the Engineering Department for investigation.

There were 22 of these cases this year and surveys made, pictures taken and a report of conditions as found was made.

All proposed C.W.A. and E.R.A. projects were presented to the Selectmen for approval before plans were drawn, estimates made and applications filed with the State Administration.

241 projects were drawn up and submitted to C.W.A. and State E.R.A. of which 231 were finally approved and this work plus field and office work necessary during and

after construction took about 20% of the time of the entire staff in the Engineering Department.

Joint Board:

Plans and estimates were prepared for all projects brought before this Board such as Board of Survey layouts, acceptance of streets under the betterment act, reconstruction of public ways under Chapter 90, granolithic walk and granite curb installation and betterment assessments and street construction betterment assessments.

Board of Public Works:

1.58 miles of water, 1.73 miles of sewer and 1.60 miles of surface drains were staked out, grades set, final surveys made, record plans drawn and filed for future reference. All ledge encountered was cross-sectioned and calculated for payment.

Plans and specifications were drawn for the construction of four streets under contract, lines and grades were given for this work, final quantities measured and figured for payment.

Studies were made of various sections of Mill Brook and the culverts therein for future enlargement.

The usual amount of miscellaneous work coming under this department was taken care of such as taking plans and benefited area plans of sewer, water and surface drains were drawn and recorded at East Cambridge registry, studies for proposed street widenings, design and layout for two sewage pumping plants, studies for future extension of sewer and water mains in Concord Highway and vicinity, check levels on many streets for sewer and water extensions, study of surface water drainage proposed by Town of Lexington through the Great Meadows and many others too numerous to mention.

Engineering Department:

All applications for a permit to build or move any building in the Town are referred to this department to establish the grade at which structure shall be constructed

and there were 81 such cases this year. The purpose of this is to eliminate the construction of buildings at a grade that would make it impossible to connect with the sewer or surface drain in the street and to fix the grade for walks, drives, lawns, etc. on a private street so that when this way becomes public the property damage will be cut to a minimum.

This ordinance was added to the Building Code in 1933 and has been a great benefit to both the Town and the owners.

In February, 1934 the Joint Board suggested that all request for liens against any property received by the Tax Collector be submitted to this department and there were 447 of these looked up for outstanding street, curb and sidewalk assessments.

Several plans for Court cases were made for the Police Department showing location of all structures in the vicinity where accidents had happened, 46 plans were received from East Cambridge registry and from the Land Court and these have been traced and filed for future reference, 1761 blue prints were made for various people and for filing purposes, pole locations were marked for Wire Department, plans were prepared for the Town Counsel to be used in damage suits against the Town, several projects were studied at the request of the Park Department, descriptions for proposed changes in Zoning were drawn up for the Planning Board.

Street lines and grades were given at various locations, bench marks were carefully checked and block plans were corrected to date.

Many estimates of costs of various projects were furnished the different departments.

I wish at this time to extend my appreciation for the co-operation I have received from the different Boards, Town Officials and the personnel of this department during the past year.

Annexed to this report is a table of general statistics pertaining to the Town and a list of public and private streets.

Respectfully submitted,

JAMES M. KEANE,
Town Engineer.

REPORT OF TOWN COUNSEL

Honorable Joint Board of Selectmen
and Board of Public Works:

Gentlemen:

I herewith submit my report for the year 1934 in compliance with section 3 of chapter 3 of the town By-Laws.

During the year fourteen appeals from the assessor's valuations were disposed of by trial or settlement before the Board of Tax Appeals, the assessor's valuations being generally sustained.

Several claims against the town resulting from alleged defective sidewalks were settled with the approval of the Board of Selectmen.

Actions at law were brought in the Superior Court for Middlesex County against the cities of Boston and Cambridge for reimbursement for money paid out of welfare funds. Settlements were effected with the cities of Medford and Somerville in several cases after suit was brought.

Many bills due the town for aid rendered by the Board of Health, for rent of town property and similar claims were collected and the money turned over to the town Treasurer.

The Town Counsel has been available at all regular meetings of the Board of Selectmen and the Board of Public Works, has rendered opinions to the School Com-

mittee, the Board of Health and other boards and officers ; has attended hearings before various State Boards and Commissions and has attended to many other matters affecting the interests of the town. For the kind consideration and co-operation extended to me by all the officials of the town during the past year and especially to the Board of Selectmen, I desire to record my deep appreciation.

Respectfully submitted,

JOHN L. MURPHY,
Town Counsel.

REPORT OF TOWN PHYSICIAN

February 4, 1935

To the Honorable Board of Selectmen,
Arlington, Mass.

Gentlemen:

I present you herewith the report of the activities of the Town Physician for the year ending December 31st, 1934:

Number of house calls	890
Number of office calls	1114
Number of Police calls	45
<hr/>	
Total.....	2049

The year 1934 saw an increase in the number of calls made by the Town Physician of 30% over the year 1933. This increase is due largely to the discontinuance of the Civil Works Administration program and the establishment of the Federal Emergency Relief Administration on April 1st, 1934. Under the C.W.A. regulations men injured in the course of their employment were entitled to compensation and a physician of their own choosing. These privileges were disallowed under the E.R.A. management with the result that all E.R.A. accident cases were treated by the Town Physician. The families of E.R.A. workers are also entitled to medical care. I believe these factors account for the 30% increase in the number of calls rather than an increase in illness among the Welfare cases. The Welfare recipients are subject to no more diseases or to severe forms of any one disease than are the members of the general population. As a matter of

fact, our energetic Welfare Agent has instituted two important practises during the past year for the prevention of this. One is the issuing of scientifically prepared powdered milk for the feeding of infants. This procedure assures the child of a clean and wholesome food supply during the entire year and dispenses with the necessity of purchasing ice during the summer months, as each feeding is prepared as needed. The other important prophylactic measure is the issuance of Vitamin Assayed Cod Liver Oil to Welfare recipients for the prevention of Rickets and Scurvy, which diseases readily occur in inadequate or unbalanced diets. I know of no resident of Arlington who has suffered from hunger, cold, or lack of medical care during 1934.

The number of calls under Mothers' Aid, Old Age Assistance, and Police Department remain about the same.

In handling the general run of cases which present themselves to the Town Physician for treatment I have been impressed during the past year with the marked increase in the number of dog-bite cases. The statistics of the Board of Health show that there was an increase of over 40% in the number of reported dog-bite cases in 1934; likewise, the number of cases requiring Pasteur treatment has increased from 2 in 1933 to 11 in 1934. During the year, 5 dogs were actually diagnosed by laboratory methods as having Rabies. The menace of 5 rabid dogs running at will throughout the town within one year is a situation which calls for some prophylactic procedure. Obviously, the most desirable method would be the establishment of an anti-rabic clinic under the jurisdiction of the Board of Health for the inoculation of dogs against Rabies. Whether this prophylaxis should be voluntary or whether an anti-rabic inoculation certificate should be a prerequisite for the issuance of a dog license, I would leave to the judgment of your honorable Board.

However, I personally am in favor of compulsory anti-rabic inoculation.

I wish to call the attention of the Board of Selectmen to a condition at the Police Station which could be improved upon. The cell bars and walls are made of steel and the floor of concrete. In each cell is a steel bench about 18" from the floor. It is perfectly evident that a prisoner whose centers of equilibrium have been disturbed from any cause whatever might receive a serious injury by falling from the bench onto the concrete floor. Therefore, in conformity with the best and newest ideas in the care and handling of prisoners I recommend that the bench in each cell be lowered from 18" to 4".

Respectfully submitted,

EDWARD W. FEELEY, B. S. M. D.,
Town Physician.

REPORT OF BOARD OF HEALTH

In compliance with Town By-Laws the Board of Health herewith submits the Annual Report of the Department for the year ending December 31, 1934.

Board meetings are held at the office in the Town Hall the first Monday evening of each month at 7:30 o'clock. Special meetings are called when occasion requires. At the Annual Town meeting, held March 5, 1934, Alfred W. Lombard was re-elected a member of the Board for the term of three years. Mr. Lombard having qualified before the Town Clerk, the Board held a special meeting on date of March 7, and organized by re-electing Alfred W. Lombard as its Chairman for the ensuing year. The personnel of the Board is the same as last year, and is as follows:

ALFRED W. LOMBARD, Chairman
CHARLES F. ATWOOD, M. D.
ERNEST R. BROOKS, D. M. D.

Appointments

WILLIAM H. BRADLEY, Agent, Clerk and Milk
Inspector
EZEKIEL PRATT, M.D., Bacteriologist and Physician to
Board
E. F. MACKAY, D. M. D., Dental Operator
HELEN M. HEFFERNAN, R. N., Nurse and Asst. to
Dental Operator
ARTHUR TAYLOR, Inspector of Slaughtering
WILLIAM H. BRADLEY, Inspector of Slaughtering

The duty of the Board of Health of a City or Town is the protection of the health of its inhabitants, and while

the work is not as spectacular as is that of some of the other branches of local government, it is none the less fully as important. In accordance with the Statutes all Burial Permits and the permits for removal of dead bodies are issued by the Board of Health. The Law requires a physician to report in writing to the local Board of Health each case of communicable disease that he has been called upon to visit, stating the disease together with name, age and address of patient, the school attended, if of school age, and the name of dealer who supplies the family milk. Householders, where no physician is called, are bound in a like manner to report any such occurring in their own household. These, in turn, are entered upon the records of the local Board, and a written report of each is mailed daily to the State Department of Public Health, State District Health Officer, the local School Committee, the local Public Library, and where the disease is one of the major variety, the milk dealer is notified. A weekly report, stating the number of cases of each of the communicable diseases reported, is mailed to the Federal Government at Washington, D. C. When requested, or when it would appear necessary for the protection of the public health, Boards of Health are obliged to provide hospital accommodations for persons residing in their community who become afflicted with a communicable disease. Boards of Health are responsible for the purity and cleanliness of foodstuffs on sale at local stores, water from local wells and springs used by the public for drinking purposes, also for all milk sold in the town. The abatement of those nuisances which might cause illness is also a function of the Board of Health.

The local Board of Health maintains a Laboratory and employs the services of a Bacteriologist to examine sputas, smears, etc. Vaccines and Antitoxins prepared and furnished by the State Department of Public Health for the prevention and treatment of certain communicable diseases are kept constantly on hand for the convenience

of physicians. The Board also maintains a part-time Dental Clinic where as many as possible of those pre-school and children of the first-grade-school age, whose parents are unable to employ the services of an independent dentist, receive treatment at a nominal fee. Children whose parents are unable to pay this fee are treated free of charge. Emergency cases of any school age are treated at all times when the clinic is in session. For the past several years the Board has held two clinics, one in the Spring and one in the Fall, to administer to all children under six years of age, upon written request of parent or guardian, the Toxin-Antitoxin treatment for the prevention of Diphtheria. To date we have administered this treatment to more than five thousand Arlington children. Last year and again this year, we were fortunate in having been able to obtain a limited supply of human blood, which after being processed, is used as a prophylactic to persons exposed to Scarlet Fever. Further along in this report the procedure of obtaining and processing this blood is explained more fully.

It would be natural to expect that under conditions that have existed for the past few years much illness, due to undernourishment, would result. Our reports of communicable diseases for the year 1934 will show quite an increase over that of 1933, yet much of this is due to the increase in the number of cases of minor diseases and probably has no bearing on the conditions mentioned.

During the past year we have had an average of approximately fourteen patients, having legal settlement in Arlington, afflicted with Tuberculosis at the Middlesex County Sanatorium. In other similar institutions we have patients as follows: two at the Lakeville State Sanatorium, three at North Reading State Sanatorium. There are also at the Rutland State Sanatorium three patients, at Westfield State Sanatorium one patient, North Reading State Sanatorium, three patients, all residents of, yet hav-

ing no legal settlement in Arlington. We do not pay for persons receiving sanatorium treatment having no legal settlement in Arlington.

- At the Annual March Town Meeting a special appropriation of five hundred dollars was voted to be expended under the direction of the Board of Health in providing dental treatment for children from the second-grade-school age up to and including those of the Junior-High-School age whose parents are unable to pay the regular dentist fee. In putting this feature into effect, and to make it convenient for all, the Board decided to engage one dentist at the Heights, one at the Center and one at the East end of the Town. An agreement was accordingly entered into with a dentist at each of the locations mentioned, whereby each was to do the work in his own office, devoting exclusively for this purpose a given forenoon of each week, furnish all necessary material and equipment, and each to receive compensation in the amount of \$10.00 a week. This program was continued for a period of fifteen weeks and worked out very satisfactorily, with one hundred and twelve children receiving the benefit of the treatment.

At the request of this Board a physician from the State Department of Public Health, on date of October 18, collected 2400 c. c. of blood from nine persons, residents of Arlington, who had recovered from an attack of Scarlet Fever within a period of one year. To each of these nine persons the Board paid the sum of five dollars. This blood was taken to the State Laboratory where it was tested and processed, after which it was returned to this office to be distributed to the local physicians as a prophylactic; its use being highly recommended by the State Department of Public Health as a preventative for persons exposed to Scarlet Fever.

During the past year the State Department of Public Welfare, Division of Child Guardianship, under provision of Chapter 119 of the General Laws, referred eleven ap-

plications for licenses to maintain Boarding Homes for Infants in Arlington, all of which were approved.

Chapter 320 of the Acts of 1934, which becomes effective January 1, 1935 provides in part as follows: "The Board of Health of any City or Town shall, on recommendation of the State Department of Public Health, furnish free of charge Anti-Rabic Vaccine and the treatment of persons as to whom said department recommends such treatment, and such City or Town shall be reimbursed out of the Dog Fund by the county in which it is located for the cost of such vaccine and treatment provided that not exceeding \$50.00 shall be so reimbursed in the case of any one person." The State Department of Public Health also recommends that Boards of Health make provision for the establishment of Clinics for the inoculation of dogs against Rabies, believing that through such a measure a far more effective control of Rabies will be achieved than has ever previously been obtained.

We are not requesting any appropriation for mosquito-control work this year, the reason being that all such work for the past two years, which consists principally of the digging of trenches to drain wet lands, has been done under the direction of the local Unemployment Committee.

Previous to the opening of the bathing season in 1934 we had the waters of Spy Pond and the Reservoir at Arlington Heights examined by the State Department of Public Health and both were reported to be safe for bathing purposes. We also had the same Department examine the water of three wells on private property, which was being used more or less for drinking purposes by the general public.

Last Summer we used four hundred fifty pounds of Copper Sulphate in treating the waters of the Reservoir at Arlington Heights. The expense of this, including labor and material, amounted to \$29.25. We gave the waters of Spy Pond two treatments using 3,000 lbs. of the Copper

Sulphate. The cost of this, including labor and material, amounted to \$188.50.

For a number of years past, a license has been granted each year to operate one slaughter house in Arlington, and all cattle slaughtered here are slaughtered under the supervision of an Inspector appointed by the Board of Health.

This report would not be complete without the insertion of our annual notice of the necessity of providing a more satisfactory method than that at present in use for the disposal of rubbish collected by the Town employees.

The Financial Report of the Department giving a detailed account of expenditures and receipts for the year together with morbidity and mortality reports and reports of appointees is appended.

In closing we wish to extend our thanks to the Arlington Visiting Nursing Association, to the Nursing Staff of the Arlington Public Schools and the Nursing Staff of the Ring Sanatorium for assistance rendered during the year.

REPORT OF DENTAL OPERATOR

To the Board of Health

Arlington, Mass.

Gentlemen:

I herewith submit my report of the work performed in the Dental Clinic for the year ending December 31, 1934.

The customary examination of all the first-grade pupils in Public and Parochial Schools was made in September, and notices sent to the parents of children needing treatment. Six hundred and sixty were examined and four hundred and fifty-nine notices were sent out, which means that sixty-nine per cent of the children examined needed Dental care.

The preschool work has reached its limit for the amount of time allowed for this age group.

The school authorities have continued their co-operation by sending their quota in the regular days.

A summary of the work follows:

REPORT OF DENTAL ASSISTANT

To the Board of Health

Gentlemen:

I have assisted the Dental Operator at the daily sessions of the Clinic and the examinations of six hundred sixty first-grade pupils of the Public and Parochial schools in September.

Continuous work among the parents is showing results in the ever-increasing number of preschool children who attend the Clinic and return regularly for re-examination.

Respectfully submitted,

HELEN M. HEFFERNAN, R. N.

REPORT OF BOARD OF HEALTH NURSE

To the Board of Health

Gentlemen:

I herewith submit my report as Board of Health Nurse for the year ending December 31, 1934.

Number of visits made to homes of persons suffering with communicable diseases, and visits related thereto, 1,908.

Referred thirteen patients to Dr. Pratt for examination.

Conveyed thirty-seven patients to Middlesex County Sanatorium for examination and X-rays. Two visits are necessary on new cases.

Conveyed three patients to North Reading State Sanatorium for examination and X-ray.

Conveyed two patients to North Reading State Sanatorium for admission.

Conveyed two patients to the State Infirmery at Tewksbury for admission.

Conveyed one child from the Children's Hospital to her home in Arlington, due to Chicken Pox.

Assisted at the Immunizing Clinics held at the Board of Health office during the year.

Assisted Dr. Poutas at the Blood Clinic, held at the Board of Health office, to obtain blood for Scarlet Fever immunization.

Visited Saint Agnes School regularly during school hours and weighed and measured the children.

Assisted at the Chadwick follow-up Clinic, held in December.

In accordance with Chapter 119 of the General Laws, I made thirty-one investigations of the conditions in the homes of persons holding or applying for license to maintain Boarding Homes for Infants.

Attended meetings and lectures of public-health interest, including a course of eight Medical Lectures given by physicians at the Beth Israel Hospital.

Respectfully submitted,

HELEN M. HEFFERNAN, R. N.

REPORT OF MILK INSPECTOR

To the Board of Health
Arlington, Mass.

Gentlemen:

I herewith submit my report as Inspector of Milk for the year ending December 31, 1934.

Milk is the one single food which more than any other meets the needs of the human race. It has no one substitute in food value, and, therefore, from the very beginning of its production until it reaches the home, cities and towns should provide sufficient appropriations to allow for frequent inspections of herds and premises and the frequent analyses of the product, that it may be kept pure and wholesome.

According to dealers' cards on file there were 18,610 qts. of milk consumed daily in Arlington the past year. This would give a per capita consumption of approximately 98/100 of a pint. The same cards also show the consumption of 2,596 half-pints of cream. A summary of the work of this feature for the year follows:

REPORT OF THE ARLINGTON EMERGENCY UNEMPLOYMENT COMMITTEE AND FEDERAL EMERGENCY RELIEF ADMINISTRATION

Honorable Board of Selectmen
Arlington, Mass.

Gentlemen:

I herewith submit my report of the Arlington Emergency Unemployment Committee with which I am including my report covering the operations of the C.W.A. and Federal Emergency Relief Administration in the Town of Arlington for the year ending December 31, 1934.

The Emergency Unemployment Committee since its organization in 1930, by the Board of Selectmen, in recognition of the existing "depression" has functioned for the following purposes:

To bring unemployed men and women in contact with opportunities for employment, both private and public.

To co-operate with the Welfare Department by giving work assignments to able bodied Welfare recipients on various town projects.

To supervise and operate Town projects, under the direction of the Board of Selectmen, for which Town funds were appropriated. Assignments for work are made from the registered unemployed on the basis of need.

Following is a summary of work assignments to able bodied Welfare recipients:

Dept.	Projects	Labor Man Days
-------	----------	----------------

Park Dept.

Meadowbrook Park
 Arlington Hts. Playground
 Ethel Wellington Park
 Spy Pond
 High School Playground

Total Man Days 2705

At the annual Town meeting Wednesday, March 21, 1934 there was appropriated the sum of \$19,100 to be expended under the direction of the Board of Selectmen for work projects.

Expenditures were made from this amount for work projects listed below.

Sidewalk Construction and Reconstruction:

Bailey Road
 Burch Street
 Gloucester Street
 Philips Street
 Scituate Street
 Sunset Road
 High School—Grading and Drainage
 Locke School—Drainage and Resurfacing Playground
 Cutter School—Grading and Fencing
 Mill Brook—Cleaning, Straightening and Deepening.

Appropriations and expenditures may be summarized as follows:

Balance Article 23, December 31, 1933	\$1789.60
Appropriation March 21, 1934	19,100.00
	<hr/>
Total appropriation available	\$20,889.60
Expenditures January 1 to December 31, 1934	16,716.12
	<hr/>
Balance Article 39, December 31, 1934	\$4,173.48

During the year ending December 31, 1934 the expenditures made for unemployment purposes gave part time employment to 287 men with 895 dependents, totaling 5387 Man Days. Through this office 157 men obtained private employment.

The fact that the Emergency Unemployment Relief Committee was functioning along the lines, for which it was created by the Board of Selectmen, placed the Town of Arlington in a favorable position to cope with the activities necessary in the Administration of Federal Civil Works Administration and its successor, Federal Emergency Relief Administration.

Federal Civil Works Administration operations were started in Arlington on November 27, 1933. A quota of 325 men was authorized at the beginning. Additional Projects were authorized under Civil Works Administration for continued operation to March 31, 1934.

During this period 506 individuals received work assignments. The greatest number carried on the payrolls for any one week period was 367 for the week of January 11, 1934. The earnings of these 367 workers benefited 1543 persons in their respective families.

Expenditures from November 27, 1933 to March 31, 1934 are summarized as follows:

Federal Civil Works Payrolls	\$89,864.57
Federal Civil Works Materials	3,258.68
Town of Arlington—Administration Payroll	1,232.96
Town of Arlington, Tools, Materials and Truck Hire	17,386.54
	<hr/>
	\$111,742.75

Of the foregoing expenditures there was expended from Jan. 1, 1934 to March 31, 1934, the following amounts:

Federal Civil Works Payrolls	\$68,400.47
Town of Arlington—Administration Payroll	768.96
Town of Arlington, Tools, Materials and Truck Hire	12,791.02
	<hr/>
	\$81,960.45

Under regulations issued by State Headquarters of the C.W.A. Arlington quotas were reduced from 367 January 11, 1934 to 210 March 31, 1934, from which date operations have been carried on under E.R.A. regulations.

As Assistant Administrator I had carried on C.W.A. operations from November 27, 1933 to March 31, 1934. On April 2, 1934 I was appointed E.R.A. Administrator and have since supervised all E.R.A. activities in the Town of Arlington with the assistance of the Town Engineer, under the direction of the Board of Selectmen.

Under E.R.A. regulations need is the prime qualification for employment. Applicants are required to register with the Administration, setting forth in a questionnaire, the information necessary to determine the applicant's need of employment. These applicants are graded according to the budgetary needs of the applicant and his dependents.

The family group is the unit upon which emphasis is placed. Only one member of each family group is eligible for employment. If the applicant is skilled he may, when assigned as a mechanic, work a sufficient number of hours to make his budgetary needs, in no case over 24 hours per week. Due to the fact that the greater part of the work covered by projects calls for ordinary labor the weekly amounts earned by E.R.A. employees is limited to an average of \$12.00, so that relatively few earn their budgetary needs. Part of this deficiency is met by distribution of food and clothing allotted by the Emergency Relief Administration and part is met by the co-operation of

the Town Welfare Department. There is still, however, existing budgetary deficiencies which cannot be covered under present regulations.

The man quota method of operation was continued during the month of April, 1934. All work was suspended from April 21, 1934 to April 30, 1934, in order to reclassify employees under E. R. A. Regulations.

Since May 1, 1934, operations have been carried on under monthly grants of money. The monthly allotments, monthly payrolls and number of employees are summarized in the following table, which also includes the month of April, 1934.

Month	Allotment	Payrolls	No. of Employees	Dependent
April	\$9,638.97	\$9,638.97	210	1048
May	12,015.00	12,007.52	210	1048
June	15,000.00	14,998.30	266	1249
July	17,275.00	17,274.41	309	1380
August	20,177.50	20,177.01	355	1553
September	25,000.00	23,217.52	524	2205
October	30,000.00	29,990.14	557	2314
November	32,550.00	32,534.54	585	2572
December	34,450.00	34,448.75	610	2679
	<hr/> \$196,106.47	<hr/> \$194,287.16		

From April 2, 1934 to December 31, 1934—1115 workers were assigned to E. R. A. Projects, with approximately 4500 dependents.

A Summary of the entire year of 1934, showing both C.W.A. and E.R.A. Expenditures follows:

	Federal Expenditures		Town Expenditures	
	Payroll	Materials	Payroll	Materials
C. W. A. Work Projects	\$64,425.80			\$12,791.02
C. W. A. Administration	3,974.67		\$768.96	
E. R. A. Work Projects	194,287.16			36,909.42
E. R. A. Administration	10,291.33		3,189.00	
	<hr/> \$272,978.96		<hr/> \$3,957.96	<hr/> \$49,700.44

These expenditures were made on projects classified as follows:

Administration and Clerical	Public Building Repairs and
Production of Articles for Public	Maintenance
Welfare	Drainage and Mosquito Control
Street Improvements	Fire Station Repairs
School Improvements	Cemetery Chapel Painting
Parks and Playgrounds	Surveys and Planning
Sewer and Water	Maintenance of Tools
Police Station Repairs	Painting Traffic Signs
	Sidewalk Construction

The unexpended balances of approved projects December 31, 1934 total \$76,895.17.

The administration of C.W.A. and E.R.A. in the Town of Arlington has taken practically all able bodied men and women off the Public Welfare Rolls, and Soldier's Relief Roll.

I wish to extend my sincere appreciation to Town officials, Town Departments, my assistants and all others for the help and co-operation they have given me during the year.

Respectfully submitted,

NEIL S. PETERS,

Local Emergency Relief Administrator

The small areas have all been taken care of in the usual manner, namely: clipped, raked, shrubbery trimmed, and dead wood replaced.

Meadowbrook Park is still in the process of construction; Public Works Department are still dumping ashes and leveling. This winter will wind up the filling; a considerable portion has been loamed and will be available for the children next Spring.

Spy Pond beach was in full swing last Summer under the supervision of Mr. Charles Anthony and his associates. They were at a disadvantage owing to new construction that was going on during the entire Summer. There were unusually large crowds and very few complaints were registered. The Life Guards should be commended for the efficient way in which they handled the crowds.

Arlington Heights playground was in constant use from Spring to late Fall, and accommodated a great number of young people. There were very few complaints from the neighbors. This playground was not supervised in any way other than by the Baseball League, and they took considerable pride in conducting the games in an orderly manner.

We built a raft for the reservoir; the material used in its construction was given to the Town by the Ford Motor Company in Somerville. The raft will accommodate one hundred people. Life Guards were in attendance all Summer, and two children were saved from drowning the first day they were on duty, and they were constantly giving assistance to people in distress.

The Crosby School playground was used by people of all ages and Sunday Baseball was indulged in. Suit was brought against the Park Commissioners by Rocco Zeparo to recover damages caused by the breaking of glass in his greenhouse on Winter Street. The court found for the defendants, but stipulated that there must be supervision on the playground to minimize the possibility of damage to adjacent property.

On the area back of the high school, known as the Warren Peirce playground, in the football field the lower end was raised to take care of the water that settled; and the track was rebuilt, all of the cinders having been taken off, sifted, and three inches of clay replacing the cinders, and a mixture of the sifted cinders and loam was put on top and rolled. All of this work was done by hand—hand rolling, and no machinery of any kind was used in the construction. On the baseball field we furnished the loam, and the labor was done by ERA. We now have a very good diamond, and in the Spring they will be able to use this for class games.

At Menotomy Rocks Park two horseshoe courts were constructed, and two sandboxes were placed on the shore of Hills Pond. At Forest Park six benches and two sandboxes and one horseshoe court were installed. At Crusher Lot on Gray Street and Oakland Avenue, we placed six benches and two sandboxes, and at Meadowbrook Park, on the Chestnut Street side, two horseshoe courts and six benches were installed.

Our equipment is badly depleted owing to constant use by the ERA. It will be necessary to replace much of it in 1935.

The following are projects taken care of by National ERA Administration, some of which are completed, others are not.

REPORT OF THE PLANNING BOARD FOR THE YEAR 1934

January 29, 1935.

To the Honorable Board of Selectmen:

Gentlemen:

The report of the Planning Board for the year of 1934 is respectfully submitted as follows:

REPORT

The continued reduced budget for Planning Board expenditures has curtailed its activities to routine matters except on such projects as have been made possible by allotments of Federal Emergency Relief Administration Funds.

ZONING

An unusual number of Zoning changes were considered by the Board, field inspections made and public hearings held on each.

The Board is gratified at the support of the Town Meeting in its efforts to preserve the higher zoning classifications.

E. R. A. PROJECTS

Since the beginning of the year allotments amounting to \$7,121.60 have been made from Federal Emergency Relief Administration funds for thirteen projects under Planning Board supervision. The research, drafting and designing work, and formulation of complete reports on the various projects have given employment to fifteen technical engineers, who were not otherwise employed.

The studies undertaken, most of which are completed, include:

The Complete Redevelopment of Arlington Center, including grade crossing elimination, a rapid transit terminal, and the best handling of the complicated automobile traffic.

Arlington Heights Bathing facilities; alternate plans for a beach in the Reservoir, and an artificial concrete tank.

Mystic and Summer Streets traffic layout.

River Street Extension across Massachusetts Avenue, along the east shore of Spy Pond to connect with the Cambridge-Concord Highway.

East Arlington Playground study and report on best location and costs.

Spy Pond Park study of the possibility of land takings for a narrow park strip and pathway from the Spy Pond Playground to the Cambridge-Concord Highway.

Cambridge-Concord Highway studies of the possibilities of adjacent zoning and street layouts.

Great Meadows improvement studies.

Mill Brook improvement studies, with a view to the ultimate construction of a brookside park extending in a narrow strip along the brook, to be as continuous as practicable from the Mystic Lakes to the Heights Reservoir.

Town Plan Review study for the purpose of adjusting the original Town Plan prepared in 1926 to present day conditions.

Arlington Heights Crosstown Route involving study of the intersection problems on Park Avenue from Paul Revere Road to Lowell Street, and the general improvement of this area.

Linwood Beach bath house, design and beach improvement.

The completed plans and reports on the above projects are available for such further action by the Town as may be found advisable; the preliminary engineering work having been taken care of in this manner.

CAMBRIDGE-CONCORD HIGHWAY

A regional planning committee consisting of a representative from the Planning Boards of the Town of Concord, Lincoln, Lexington, Belmont, and Arlington has been organized to take such action as seemed best for the protection of the Cambridge-Concord Highway.

After numerous meetings and two hearings before the State Highway Commission, the Committee has caused a bill to be filed in the present session of the General Court proposing legislation for the protection of the towns through which the Highway is constructed.

The Arlington Board has consistently made every effort to preserve and improve conditions along this new thoroughfare until a uniform policy could be developed which would give the greatest possible benefit to all Towns concerned.

The personnel of the Board has had one change due to the decision of former Chairman Walton H. Sears not to become a candidate for re-election on the expiration of his term. His effective services for the Town are a matter of record, particularly in the preliminary work on the new through Cambridge-Concord Highway which was originally initiated by this Board and brought to a successful conclusion largely through his efforts.

REPORT OF THE TRUSTEES OF ROBBINS LIBRARY FOR THE YEAR 1934

Again the Trustees report to our citizens a year of great activity in the affairs of the Library. A circulation of over 300,000, as in 1932 and 1933, is ample evidence of the great need that this institution has met during these years of financial depression. A larger circulation would have resulted had it not been necessary to reduce the appropriation for the purchase of books. The Trustees, however, fully appreciate the necessity of reduction in cost in all Town departments.

Fortunately, we are the recipients again this year of an added fund for our endowment. The proceeds of the sale of the G. A. R. Hall, by the terms of the gift of E. Nelson Blake, come to the Library, and our funds are increased by \$4,000. Because our total Town appropriations are now far beyond the legitimate Town income, the growth of these endowment funds is of the greatest importance to the welfare of the Library. It is hoped that other public-spirited citizens will not be unmindful of our needs in making their wills.

The coming year is one of great interest to all, as it marks the 100th anniversary of the founding of the Library. In 1835, Dr. Ebenezer Learned, a physician of Hopkinton, N. H., left to the Town \$100 for the purchase of books, and thus established the Library. In 1836, the West Cambridge Sewing Circle gave an additional \$60, and in 1837 the Town voted to appropriate \$30 annually for this purpose. Thus Arlington has the honor of being

the first town in Massachusetts to have a free town library.

The Trustees desire to take this opportunity to thank our Librarian and all the members of the staff for their efficient and cheerful work during the year.

For the Trustees,

WILLIAM A. MULLER,
Chairman.

REPORT OF THE LIBRARIAN FOR THE YEAR 1934

To the Board of Trustees:

I respectfully submit my report for the year ending December 31, 1934.

Every thinking man or woman and many who have never thought before have begun to think out problems in the last few years. In acquiring the perspective necessary to understand our times, the modern library with free access to the literary and social documents of both past and present is of vital importance. We must save the fine things, art, music and books. They provide a part of the natural craving of man. "A people's spirit is their first source of inspiration, as well as their last line of defense. The first and greatest duty of the libraries, to foster this spirit is their greatest claim to immortality."

That people are seriously trying to solve these problems by reading the more serious books is indicated by the year's circulation figures. The Robbins Library circulated 323,993 books during the year 1934, 224,553 fiction and 99,440 non-fiction—a gain of 28% in the number of non-fiction circulated.

11,939 books were carried to and from the Branches to supplement their small collections. 500 books were sent to the Fire Stations.

Comparative Circulation by Stations—1933-1934

Our great need, as stated in several previous reports, is adequate Branch facilities for both the Heights and East Arlington.

Both Branches have gained in their circulation but many normal and much needed activities cannot be carried on in the present quarters.

The Reference Librarian submits the following:

"The year 1934 unfolded spectacular events, some of which were only of passing interest, while others were of graver import. The Reference Department has been gratified during the year by the interest Arlington people have shown in seeking authentic information and discussions on matters of the day.

The reference collection in 1934 was increased by the addition of 35 books and 25 bound periodicals.

Of inestimable worth, also, was our pamphlet collection which circulated 258 pamphlets for home use and satisfied a much greater demand at the Library. 278 additions and 164 discards brought the total to 2,134 pamphlets. New subjects have been added to aid, simplify and speed up our investigations.

The following bibliographies were compiled during the year for the Arlington Woman's Club, the Garden Club, the Kensington Park Study Club, the Arlington Heights Study Club, the Tower Mothers' Club, and the Parent-Teachers' Associations of the Brackett School, Crosby School and the Junior High East, on the following subjects: Peaceful settlement of international disputes—Recent additions (to the library) of interest to the flower grower—Notable Women and their achievements—Africa—and Child psychology. The cooperation on the part of these organizations has been an inspiration and source of satisfaction to the department.

Other reading lists have been arranged for use at the library on Fiction depicting frontier and pioneer life, and Vocations in fiction. The latter was featured with a display of fiction concerning various occupations. Exhibits which have attracted considerable attention, also, were Careers, Reading with a purpose, Make your leisure time count, Gardening, and timely displays connected with newspaper articles.

In the spring, the newspaper room enticed many readers by its elaborate travel exhibit: large colorful posters on the walls and hundreds of fascinating folders descriptive of pleasurable vacations far and near. Our travel books included in the exhibit received renewed interest.

The picture collection reached the total of 1756 mounted pictures, and innumerable unmounted illustrations which may be prepared for use when needed.

As usual the inter-library loan department met heavy service. Books borrowed from other libraries for our patrons amounted to 304 volumes, and books loaned to other libraries reached the total of 57. Books in Armenian, Dutch, French, Greek, Italian, Norwegian, Russian, Slovenian, and Swedish languages to the number of 252 were

borrowed from the Massachusetts Library Commission. Books in English were also available from the same source for use of serious minded readers, teachers and correspondence course students.

The Junior Library had a circulation of 60, 760, a gain of 1,140 over the year 1933. The first year the Junior Library was operated in its present room, 1931, the circulation was 49,599; in 1934 the home use of books was increased by 11,161. Stories were heard by 1,309 children at eighteen story hours. Since 1929 a club has been conducted in the summer months in order to increase reading interest. In 1929, the first year, 454 children attended; in 1934, 984 children showed their interest by reporting on 108 books.

Five Sunday readings and teas were held with an average attendance of 80. On January 28, 1934, Superintendent of Schools, Mr. Clarence Dempsey read from Vermont authors: February 11, Miss Gladys Porter had for her topic Neglected Shelf of Books; April 8, Mrs. Winnifred King Rugg spoke on Contemplative literature: October 28, Rev. Laurence Barber read from Walter Hard's poems and December 9, Mrs. William Powers talked on the life of Robert P. T. Coffin and read his poems.

The Junior Library Hall has been in almost constant use. It has been used for other than library activities, story hour, meetings of Everyland Club and special Library gatherings, by nineteen different civic and educational groups which held 114 meetings.

The following exhibits were sponsored by the Woman's Club.

1. Water colors and prints by Margaret Jordan Patterson of Boston.
2. Oil and water colors by Ralph Ayers of Woburn.
3. Water colors by Barbara Sears, two which depicted some of the beauty spots near home, Spy Pond and the Robbins House.

4. Four portraits by Joseph Coyle.

5. Rolla Myron Chandler of Staff of Boston Herald showed family portraits, and copies of old masters.

6. Travelling show of oil and water colors from the Boston Art Club, the work of 25 women, members of the Art Club.

7. The Club season 1934-1935 opened by the Trustees cooperating with the Art Committee with open house on Sunday, October 7, at which Arlington artists exhibited their work and were guests of the afternoon.

8. Drawings and paintings by Lucia Buckle of Boston, one of the younger members of the Boston Art Club.

9. Hand-made jewelry by Mrs. Leonard Wood.

10. Book illustrations by George and Doris Hauman of Lexington.

Two exhibits that had to do with books and book making were chosen and arranged by Richard F. Lufkin of Medford, the outstanding books printed by Daniel Berkeley Updike, and the work of William Addison Dwiggins, a leading book designer and printer.

Much interest was created by the exhibit of the art work of High School pupils which was arranged by Mrs. Marion I. Ford, School Supervisor of Art.

The Arlington Stamp Club conducted a stamp exhibit, with speakers daily for nearly a week.

Aside from the financial consideration, the growing cost of new books, book selection is an increasingly difficult problem. Clever and wide advertisement create immediate demand for books which are written by charlatan authors and are debase and contaminating. The selection of fiction is a task both troublesome and delicate. Subjects and methods touch moral issues that once were rarely used by the novelist.

The Library has 52,817 books or based on the last census, 1.4 books are available per capita and volumes available per registered borrower 3.9.

The Garden Club has been most generous with flowers, a wreath at Christmas time, and books. The Fortnightly Club presented \$15.00 for the purchase of articles much needed in the Staff Rooms. The Junior Woman's Club, \$5.00 for purchase of books. The Art Committee of Woman's Club, a small creche at the Christmas season.

Books have been received from the following:

The Librarian wishes to thank the many persons who have been helpful to the Library and shown an interest in its work, and to express her appreciation for the loyal support and co-operative spirit of the Staff.

Respectfully submitted,

LUCINDA F. SPOFFORD,
Librarian.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Arlington:

The principal objective of the School Committee again this year has been its effort to conduct the school organization with a view to the greatest possible economy of administration with the least possible damage to the efficiency of the educational program.

That our effort has resulted in economies is evidenced by the fact that in 1931 the total annual expenditures for school purposes amounted to \$717,634.62; in 1934 the corresponding expenditures were \$663,081.12, a reduction of \$54,553.50 in four years. This year we are returning to the Town Treasury an unexpended balance amounting to \$10,048.88. Coupled with this reduction our school responsibilities have increased from a total average membership of 6,170 pupils in 1931 to 6,710 in 1934—540 added pupils, nearly as large as the Junior High School East.

We also call your attention to the item of \$62,504.08 which was returned from the State income tax fund and from other sources on account of school appropriations in 1934. This actually reduces the expense for schools from local appropriations, which affect the tax rate, to \$600,577.04 which is equivalent to a tax rate of 9.85. It does not appear possible nor wise to make further drastic cuts in the school budget if Arlington wishes to maintain a first class educational program.

We refer you to the Superintendent's Report for explicit details of school administration.

For several years your Committee has been continually confronted with the necessity of economy in school ad-

ministration while at the same time facing the problem of providing every educational opportunity possible during a period in our history when the need for extraordinary educational advantages has been greatest.

From data available, furnished by the Superintendent after a study of the situation, it is apparent that the proposed new school in the Pheasant Avenue District will not be required this year. The schools are not overcrowded and while this school building would accommodate many pupils who have long distances to travel, and could relieve the problem in the so-called Morningside section, we do not feel justified in recommending its construction at this time. We do urgently recommend that the High School auditorium be completed and we hope that through the co-operation of government officials, this can be done with the help of Federal funds, and at a considerable saving to the Town.

The changing social and economic conditions have presented many new problems to the youth leaving school, particularly those who leave school to go to work. These changes will require further readjustment in our curriculum and your Committee and the Superintendent are planning to give this problem careful study.

We call attention to the reference in the Superintendent's Report to the athletic program and the accomplishments of those who have participated in the successful teams. We also stress the need for sprinkler systems as a safeguard to our children in case of fire. We urge the continuance of sprinkler installation this year in the Locke School.

The retirement of two teachers should be recorded, Eva G. Jones, instructor of English in the Junior High School Center, and Annie W. Cobb, first grade teacher in the

Crosby School, retired in June. They had both rendered long and valuable service to many hundreds of the youth in Arlington.

We wish to express our appreciation for the co-operation given us by other town officials and we thank the Selectmen and the Federal officials for their contributions to the efficiency of the School Department by allotting funds and labor for much needed work in the schools.

Respectfully submitted for the School Committee,

(Signed) M. NORCROSS STRATTON,
Chairman, Arlington School Committee.

January, 1935.

ANNUAL REPORT OF SUPERINTENDENT OF SCHOOLS FOR THE YEAR 1934

To the Honorable School Committee,
Arlington, Massachusetts.

Ladies and Gentlemen:

It is my privilege to submit for your consideration the following report for the fiscal year ending December 31, 1934.

No extraordinary changes have occurred during the year. Economic conditions have required conservative administration, devoid of expansion or new developments, and have also made it necessary to make other curtailments than those listed in reports of the past two years.

School membership is steadily increasing, most noticeably in the senior and lately in the junior high schools. The following table shows this growth. Figures are taken (except the last line) from Annual State Reports.

School Year 1930-1931

Average Membership Senior High School	1061
Average Membership, three Junior High Schools	1467
Average Membership all other schools	3598
Total Average Membership	6126
Total number of teachers, principals and supervisors.....	271

School Year 1931-1932

Average Membership Senior High School	1151
Average Membership, three Junior High Schools	1461
Average Membership all other schools	3632
Total Average Membership	6244
Total number of teachers, principals and supervisors.....	279

School Year 1932-1933

Average Membership Senior High School	1297
Average Membership three Junior High Schools	1501
Average Membership all other schools	3636
Total Average Membership	6434
Total number of teachers, principals and supervisors	273

School Year 1933-1934

Average Membership Senior High School.....	1417
Average Membership three Junior High Schools	1600
Average Membership all other schools	3644
Total Average Membership	6661
Total number of teachers, principals and supervisors	266

Fall Term, 1934

Average Membership Senior High School	1512
Average Membership three Junior High Schools	1647
Average Membership all other schools	3714
Total Average Membership	6873
Total number of teachers, principals and supervisors.....	266

Accommodations have been ample for all pupils, including those enrolled this Fall, although it was necessary to change the dividing line between the Junior High School Center and Junior High School East to relieve the former school. There seems to be no probability of badly crowded schools in the fall of 1935, except possibly in some departments of the Senior High School.

SCHOOL WORK

The work of the schools during the year has, on the whole, been very satisfactory. Standards of scholarship, as shown by tests, grade attainments, preparation for junior and senior high schools and by records of graduates in higher institutions, have continued to be creditable.

Excellent results have been achieved both in the fundamental subjects and in the fields of music, art, manual and domestic studies. Arlington students have won distinction on numerous occasions in neighborhood and even wider competition. Extensive community service has also been rendered by our organized groups.

The general health program for the year has been wholesome and worth while. Aside from a few epidemics of children's diseases of less than normal extent, there has been very little illness among the pupils. Attendance for the calendar year has averaged over ninety-four per cent. School physicians, nurses, physical training teachers and regular classroom teachers have correlated their work closely to secure sound knowledge of hygiene, good health habits, remedy of defects and body building.

A minor, yet vital part, of the health program is participation by the maximum number of boys and girls in suitable games, sports and athletics. Competitive games arouse keener interest in physical activities. The schedules of such events are comprehensive, including sports for all seasons and for many different groups. Inter-class, inter-school and outside contests are carried on. In them, Arlington teams have been a credit to the schools and the Town.

Athletics, dramatics, musical entertainments, art exhibits and a variety of other so-called extra curricular activities have their importance in personal development, and in adding interest and vitality to school life. In not a few instances such activities are of greater value to individuals than any other one thing the school provides. Yet the time and effort devoted to this group of activities is predominantly outside of regular school hours. With rare exceptions the extra time spent by teachers in this way is without financial compensation.

BUILDINGS AND MAINTENANCE

It has been a consistent policy of the Town, even during the current depression, to keep its buildings in good repair. We have been greatly aided during the past two years by welfare workers and Federal aided projects. Local administrators have been very helpful and co-operative in this respect, resulting in the completion of numer-

ous important improvements, such as extensive painting jobs, reseating Spy Pond Field grandstand, electrical work and a number of carpentry and masonry jobs.

Aside from general upkeep and repairs, several special matters should be mentioned. One is the need of additional roofing repairs and waterproofing on several buildings. This is important for protection of the buildings and to prevent damage to interior finish. Repairs of this sort should be done as rapidly as possible.

Another important matter is the installation of sprinkler systems in those inflammable buildings not already so equipped. The Senior High, Junior High Center, Crosby, Cutter and Russell schools are now equipped. Had not the depression intervened, the remaining buildings would doubtless have been finished. As a safeguard and insurance factor the work should be completed as soon as financial conditions permit. -Buildings still in need of sprinkler systems are the Old Parmenter and Locke schools, and the older parts of the Junior High West and Peirce schools.

A third and even more important need is the installation of fireproof stairways or adequate fire escapes at the Russell School. This is a three-story building, wooden interior construction, and with open wooden staircases that are the only means of exit. The arrangement is one that would be very dangerous in case of even a slight fire.

Schoolhouses in other towns that have burned with heavy loss of life have in almost all cases been of this type. There are at present over four hundred children attending the Russell School, mostly under twelve years of age. Fire drills held under most favorable conditions require two minutes and a half or more to empty the building.

The risk can be entirely removed in a practical manner and the change should be made during the summer of 1935.

FINANCIAL

It will be of interest and value to record year by year the adjustments made on account of the financial depression through which we have been passing.

All of the measures of economy previously listed—increasing and consolidating classes, discontinuing certain positions, curtailment of expenditures in various lines—have been continued during the year and, in some cases, still further extended.

In addition, the evening school was discontinued after the 1933-1934 session. This involved an expenditure of \$3,000 to \$4,000 and provided practical educational opportunities for from 400 to 600 students.

The position of supervisor of health instruction has been discontinued; service in attendance supervision curtailed; employment of assistant athletic coaches largely eliminated; the employment of a special physician for athletic teams discontinued; capital outlay cut out, except for emergencies; half of the regular step increases for 1934-1935 withheld.

The cost of fuel, light and power, and janitors' supplies for 1934 was \$29,535, contrasted with similar expenditure in 1931 of \$35,995, in spite of the fact that neither the new High School nor the Brackett School was built at that time.

The trend in school expenses will best be shown in tabular form. The following statement gives appropriations and expenditures for the fiscal years 1931 and 1934 and their relation to the size of the system and to the local tax rate.

		6,170		6,710	+540

*Nearest estimate as of January 8, 1935.

The total annual cost of education to any community includes not only net current expenses raised by taxation, but also any additional annual amount raised for buildings and equipment and for payments of principal and interest on school bonds. The town financial records show that the total amount of these items for 1931 was \$245,142.50 and for 1934, \$139,120, a reduction of \$106,022.50. This is equivalent to a reduction in the tax rate for this purpose of \$3.87 in 1931 to \$2.28 in 1934.

If these figures are combined with those given in the above table, the total cost of education raised from local taxation in 1931 was at the rate of \$14.27 per thousand dollars, and in 1934, \$12.13, a favorable difference of \$2.14.

Within this interval of three years, which covers the period of financial depression to date, the standard school program has been carried on as usual except for the following major modifications:

- Special activities discontinued,
- Amount of books and supplies reduced,
- Teaching positions eliminated and teaching load increased.

These things directly affect the educational opportunities and service available for children, and also the efficiency and standards of the schools. The difficulties and curtailments incurred have been met thus far without excessive harm, but every reasonable effort should be made to avoid further restrictions except such as may be effected in regular administrative processes.

The critical factor to consider at present is the teacher load. Theoretically, it might seem feasible to increase substantially the average number of pupils per teacher. Practically, it is a question of organization and geography. Schools in East Arlington and Arlington Heights cannot greatly aid each other. The elementary junior high and

senior high groups cannot relieve one another. A small senior high school class in advanced Latin, science or mathematics cannot be combined with another small class in a different subject or grade. Even dropping certain subjects where classes are necessarily well below the average would not go far, for other classes and activities would have to be provided for them with teachers in charge. In many cases this course of action would unfortunately result in poorer adjustment of educational opportunities to the real needs of pupils.

Nevertheless, the possibilities of economy in this direction have not been overlooked as the following statement will show:

	1931	1934	Inc. or Dec.
1. Total number of supervisors, principals and teachers employed; November	283	268	—15
2. Average membership for November	6308	6882	+574
3. Average number per instructional employee (No. 2 divided by No. 1)	22.2	25.7	+3.5
4. Total number of regular teachers not including supervisors and principals.....	259	248	—11
5. Average number per regular teacher (No. 2 divided by No. 4)	24.4	27.7	+3.3

The increase in pupils per regular teacher from November, 1931, to November, 1934, in the Senior High School was 4.8; in the three junior high schools, 3.8; in the elementary schools from no increase to 7.4 (Russell School) and an average of 2.6.

It has been and will be the steadfast endeavor of all who are occupied with the conduct of our schools to main-

tain and improve their high standards and generous educational opportunities. The need for superior education is greater and not less in the midst of present-day conditions. The prestige that Arlington has enjoyed should not be lost nor diminished if it can possibly be avoided.

It has been preserved thus far and, as this report has pointed out, at a lessening cost to the taxpayers. Further retrenchment would, however, greatly endanger the welfare of the schools, and might easily result in losses and disadvantages outweighing pecuniary savings effected.

The usual statistical information is given on the following pages.

Respectfully submitted,

(Signed) CLARENCE H. DEMPSEY,
Superintendent of Schools.

REPORT OF TREE WARDEN

To the Citizens of Arlington:

I herewith submit my report for the year ending December 31, 1934.

During the year we have planted on our streets two hundred ten (210) Maples as follows: Beacon Street, 1; Bowdoin Street, 2; Brooks Avenue, 23; Bonad Road, 1; Chandler Street, 1; Churchill Avenue, 1; Coleman Road, 1; Davis Avenue, 1; Egerton Road, 20; Franklin Street, 3; Fairmont Street, 2; Foster Street, 1; Gardner Street, 2; Highland Avenue, 1; Herbert Road, 2; Iroquois Road, 1; Lockeland Avenue, 5; Magnolia Street, 5; Milton Street, 22; Margaret Street, 22; Menotomy Road, 1; Medford Street, 22; Maynard Street, 2; Melrose Street, 20; Newton Road, 1; Newland Road, 3; Wildwood Avenue, 1; Varnum Street, 4; Palmer Street, 6; Webster Street, 3; Windsor Street, 2; Oxford Street, 1; School Street, 1; Park Avenue North, 2; Overlook Road, 2; Robbins Road, 3; Park Street, 1; Lake Street, 2; Wyman Street, 1; Warren Street, 4; Lafayette Street, 5; Massachusetts Avenue, 2; Rawson Road, 1; Amherst Street, 1; Cornell Street, 1; Exeter Street, 1; and twenty (20) European Lindens as follows: Fordham Street, 2; Brooks Avenue, 1; Margaret Street, 9; Medford Street, 2; Tanager Street, 2; Thorndike Street, 1; Waldo Road, 2; Cornell Street, 1.

The following dead or dangerous trees were removed:

Pleasant Street: 1—14" Maple, 2—18" Maples, 1—18"

Elm, 1—32" Elm, 1—30" Elm,

Bartlett Avenue: 1—14" Maple,

Jason Street: 1—12" Maple,

Mystic Street: 1—24" Maple,

Marion Road: 1—12" Maple,
Lake Street: 1—12" Maple,
Corner Sunset Road and Bow Street: 1—36" Willow,
Gray Street: 1—20" Hickory,
Franklin Street: 1—24" Horse Chestnut,
Magnolia Street: 1—8" Maple,
Massachusetts Avenue: 1—6" Maple, 1—18" Elm,
1—16" Horse Chestnut.

Besides these the four trees on Appleton Place were removed by the Board of Public Works, and the trees on Massachusetts Avenue and Pleasant Street adjoining the Unitarian Church and trees on Summer Street were removed by E. R. A. projects. There were seven public hearings on removals held, and all were removed but one on Broadway near Winter Street, which was retained.

During the past year the Edison Company trimmed all the trees where their wires ran through and for this work they employed the Davey Tree Expert Company. There was some criticism in regard to their work, but when you take all the trees on our streets collectively and not a few individually, it was work well done. This work was done under my supervision and for which the Town received \$183.00. In my opinion it must have cost the Edison Light Company \$1,500 which was a saving of that amount outside of the liabilities of compensation for accidents. The dead and dangerous limbs on all the other trees have been removed with the exception of an elm tree on Massachusetts Avenue near Egerton Road which I intend to remove this winter when the auto traffic shall not be so great.

The greatly increased prevalence of new insects, pests and fungus diseases have made the shade tree situation a really serious one. We are fast approaching a time when protection must be provided for a comprehensive spraying, pruning and feeding program if we wish to save our old elms that are fast nearing their end. Leaves are essential parts of trees. They are the assimilating and digesting organs. One complete stripping of the foliage usually

kills pines and other evergreens. The defoliation of deciduous trees if allowed to continue through several seasons injures them greatly and produces conditions favorable to destructive pests such as borers. Healthy roots are impossible without an abundant supply of leaves and vice versa. Failure to protect either means serious injury.

The so-called Dutch Elm disease is a more recent addition to our tree troubles and judging from its history in western Europe there is at least a reasonable probability of serious damage in this country, even though we close our eyes to the fact that within a radius of thirty (30) miles of New York City fifteen hundred (1500) trees are so badly infected that in all probability they shall have to be removed. These trees are very favorable to the production of large numbers of the Elm Bark Beetles and other insects issuing from such trees which will carry the disease to other trees. It follows that the carrying of the Dutch Elm disease into areas where the Elm leaf beetle has been unchecked is likely to result in a speedy dissemination of this infection to other trees. Spraying all elms twice to control this pest reduces the amount of dead wood and is, therefore, a distinct value in bringing about conditions less favorable to the spread of this disease.

The summers of 1930-1932 were extremely dry and many trees suffered greatly from inadequate water supply. Growth was much reduced and vitality materially affected.

The winter of 1933-1934 was marked by extremely low temperatures. This has taken a heavy toll of shrubs, and all weakened or enfeebled trees have suffered greatly. The full effects of this cannot be fully judged until midsummer as the killing of fruit buds on peach, plum, cherry and other trees was quite prevalent. It will be seen from the above that various factors have an important bearing upon the welfare of our trees. Malnutrition, low temperatures and a reduced water supply seriously affects

the vitality of trees and shrubs. The following is a financial statement of this department:

REPORT OF THE MAINTENANCE OF TOWN HOUSE GROUNDS

To The Honorable Board of Selectmen.

Gentlemen:

I herewith submit my report as superintendent of the Town Hall Grounds for the year ending December 31, 1934.

The regular routine of cutting grass and caring for shrubs, edging, and trimming the walks was attended to.

During the course of the winter much damage was done to the lawn and hedges due to children coasting, so much so, that in the spring the whole side hill had to be graded and re-seeded. I have taken precautions this year to prevent a recurrence and have erected a sign forbidding all coasting.

Flowers were planted in the fountains on the front platform of the hall prior to Memorial Day, and remained there during the entire summer with many favorable comments received about them.

A new curbstone was put in the driveway and parking area in the rear of the hall under an E.R.A. project which should be a help in keeping machines off the lawn. Many of the sidewalk bricks were relaid also under an E.R.A. project, thereby eliminating most of the depressions which were dangerous, and one of the walks was extended from the Library to the Welfare office.

The new flag pole that was erected in 1933 was given two coats of paint which should protect it from the weather for about two years.

The trees on the Robbins Estate were all trimmed and the grounds and shrubbery were kept up as usual.

In conclusion I wish to take this opportunity to thank the Board of Selectmen and their Secretary for their courtesy and co-operation during this past year.

Respectfully yours,

GEORGE M. DOLAN,
Superintendent.
